FOUR CENTS

EVACUATED FROM CHUSAN to defend Formosa against an expected Chinese Communist push from the mainland, Chinese Nationalist troops are greeted at Keelung harbor by Madame Chiang Kai-shek (arrow). Also greeting the jammed troop transport is Lt. Gen. J. L. Haug, standing at the left of Madame Chiang.

## Rail Strike Parleys Begin

Seek To Avert Tieup  
On 10 Western Roads

WASHINGTON, May 23—(AP)—The government began union-management conferences today seeking to avert a strike due June 1 on 10 western railroads.

The Switchmen's Union of North America has threatened a walkout of 6,000 members in vital yard service on the lines, operating west of Chicago.

The union is demanding a 40-hour week with the same pay now received for a 48-hour week. It also wants time-and-a-half pay for Saturday work and double time for Sunday work.

Similar demands were won last September by 1,000,000 members of 17 non-operating rail unions, who besides getting 48-hour pay for 40 hours work, also obtained a seven-cent hourly rate hike on top of that.

Chairman Francis A. O'Neill, Jr., of the National Mediation Board called representatives of western railroads and the Switchmen's Union together at 11 a. m.

Daniel P. Loomis, chairman of the western carriers conference committee, headed the management negotiators and Arthur J. Glover, president of the Switchmen's Union, the labor side.

## Acheson To Report On Trip To Congress

WASHINGTON, May 23—(AP)—Secretary of State Acheson will give Congress a secret report next week on the work of the Atlantic pact conference in London.

Senate Democratic Leader Lucas, announcing this today, said the entire membership of both houses will be invited to hear Acheson at a closed meeting May 31 in the auditorium of the Library of Congress.

Lucas made the announcement after a White House conference of Congressional leaders with President Truman.

He said the President told them Acheson would like to make a report to congress members and answer questions. Acheson is still in London where he has been conferring with foreign ministers of the Atlantic treaty nations on ways to make the pact more effective.

**TO SHOW PRIZE DOGS**  
Logan Patten of Sharon, Pa., well-known dog show judge and breeder of Chows and Pugs, will speak and demonstrate his champions when the Columbiana County Kennel Club meets at 7 p. m. Wednesday at the Lape Hotel. Oscar Hughes will introduce the speaker. Trustees will meet at 6.

**GOP CLUBHOUSE SOLD**  
CLEVELAND, May 23—(AP)—The Western Reserve Republican club house, once a haughty pillared colonial building, has been sold at a sheriff's sale for \$10,000.

## Mercy Killing Charge Fails On Musician

DETROIT, May 23—(AP)—A jury of nine women and three men yesterday acquitted Eugene Braunschdorf of murder in the "mercy killing" of his crippled daughter.

The jurors, who deliberated two hours, found the 52-year-old former symphony musician innocent by reason of insanity.

Braunschdorf shot and killed his daughter, Virginia, 29, a year ago. Court testimony indicated that Virginia, a spastic, was hopelessly crippled and could never enjoy normal life.

## Savings Bond Ceremony Set For Thursday

An impressive patriotic program has been arranged for Thursday afternoon, when Salem citizens will be afforded an opportunity to see an exact replica of the famous Liberty Bell.

As the feature of the opening of the U. S. Savings Bonds Independence Drive here, the bell will be on exhibit for an hour, beginning at 3:15 p. m. Thursday at the corner of State and S. Broadway.

The program, arranged by Chairman Ellwood Broadwater, will follow a parade, moving west on E. State st., to Broadway. The bell will be escorted from the city limits. The parade will include the High School band and a veterans' color guard, composed of members of the Amvets and V.F.W.

While the stage is being set at Broadway, the school band will play two musical numbers. Chairman Broadwater will read a statement of acknowledgement of sponsors, following which the colors will be mounted by the color guard.

Mayor Harry Vincent will read his proclamation on the Independence drive, prior to a short talk on behalf of the bond drive by Thomas Hughes of the Treasury Department.

After another number by the band, a statement regarding the Liberty Bell will be read. Then the bell will be rung by a High School girl, followed by the ringing of all the city's church bells.

The National Anthem will close the program. The program, according to the local committee, is a "must" for school children, due to its extraordinary historical importance. The Liberty Bell, a U. S. relic since 1776, is one of the nation's most prized possessions.

The bell will be taken to Youngstown for exhibition Friday, being kept overnight at the Hine garage. Throughout the state, the bell is being transported by the Ford Motor Co., one of the sponsors of the bell project. Other firms, mostly copper companies, financed the manufacture of the 52 replicas being used in the drive.

**WILL BUILD PLANT**  
AKRON, May 23—(AP)—Firestone Tire & Rubber Co. announced today it would construct a \$2,500,000 plant at Fall River, Mass., to make foamed rubber products. The plant will employ 400.

## Gambling Cartel Controls Rackets

\$10 Billion Business  
Alleged By U. S. News

WASHINGTON, May 23—(UP)—U. S. News and World Report said today that many separate but allied crime syndicates, which maintain friendly relations, control a \$10,000,000,000 a-year gambling racket in the United States.

The weekly news magazine said in a copyrighted report that there is no "single top organization" behind organized gambling. The various syndicates, it said, have a sort of "cartel" agreement, under which "each ring has its own territory to work."

The largest of these rings, the magazine said, operate in New York, Chicago and Cleveland. It said each of the three controls bookmaking, the numbers game and slot machines. They all have important connections, it said, with Miami, Fla., interests.

The magazine said the racket czars hit upon their cartel arrangement in order to avoid wholesale gang warfare. A complete merger of these syndicates, it said, "probably could not be achieved without wholesale killings."

A special Senate committee, headed by Sen. Estes Kefauver (D) of Tennessee, now is laying the groundwork for a full-scale investigation of organized crime. Members said one of their first targets will be the gambling racket.

**Red River Lowers;  
Homes Still Risky**  
WINNIPEG, Man., May 23—(UP)—The surging Red River dropped lower today than at any time in the past 10 days.

The river level inched downward to 11.5 feet above minimum flood stage this morning. It will have to drop another five feet before the danger is over, flood control headquarters said.

With 17 percent of this prairie capital still under water, Flood Control Chief R. E. A. Morton renewed a plea for flooded-out families to keep out of their homes. An estimated 112,000 of the city's 320,000 residents have been routed by the month-long flooding. Morton urged them to stay out to keep "from being drowned or electrocuted" in their own cellars.

**United Local School  
Holds Commencement**  
HANOVERTON, May 23—The United Local School District commencement was held in the Presbyterian Church here Monday evening when 58 eighth grade students were presented diplomas by Daniel P. Furey, vice president of the Board of Education.

An address on "Looking Ahead" was given by Robert H. Barton of Salem, county adult probation officer. American Legion awards were presented to Sandra Church and James Merriman by Commander John Brenner of the local post.

## Lie Presents British 10-Point Peace Program

Stops In London  
On Tour To Get  
West's Reactions

LONDON, May 23—(UP)—United Nations Secretary General Trygve Lie confers today with British leaders on a 10-point, 20-year peace program calling for an early Big Four meeting, diplomatic sources said today.

Mr. Lie arrived early today by boat train from Paris, where he conferred with Premier Georges Bidault and French Foreign Minister Robert Schuman after spending 90 minutes with Premier Josef Stalin in Moscow last week.

Later in the day he will hold meetings here with Prime Minister Clement Attlee and Foreign Secretary Ernest Bevin. Tomorrow night he will fly to the United States to see President Truman and U. S. Secretary of State Dean Acheson.

Diplomatic sources said Mr. Lie laid his 10-point plan before all Big Four leaders on his first meeting with each and now is seeking the West's reaction to Stalin's ideas.

United Nations sources said one of Lie's main points calls for an early meeting among President Truman, Stalin, Attlee and Bidault within the framework of the United Nations.

He also was understood to have proposed calling a "peace session" of the United Nations Security Council at Geneva this summer and admission of the Chinese Communist regime to the UN.

These were among the proposals Mr. Lie presented to Soviet Foreign Minister Andrei Vishinsky when he visited Moscow.

## 60 Believed Dead In Quake

Offers Of Help Pour  
Into Ruined Cuzco

CUZCO, Peru, May 23—(AP)—Offers of help came from all parts of the Americas today for this thousand-year-old city, digging itself out of earthquake-strewn rubble which was expected eventually to yield 60 or more bodies.

From as far away as Washington and Santiago, Chile, came sympathy and aid for the survivors of the violent quake Sunday which left centuries-old historic buildings in ruins.

Peru's president, Brig. Gen. Manuel Odría, with his ministers of public education and public works, was flying here today from Lima after a cabinet meeting yesterday which voted 3,000,000 soles (about \$200,000) for relief and rehabilitation.

Six transport planes loaded with relief supplies and workers already had been sent from Lima.

As workers continued to search the rubble of the city, 43 bodies had been recovered. City officials said the death list was expected to total at least 60. About 250 were injured.

The brief shock left ancient churches and some of Cuzco's most beautiful historic buildings in ruins.

The huge Inca ruins in the stricken city were not disturbed by the quake. But the church of Santo Domingo, an architectural gem built alongside the ancient Inca Temple of the Sun, was left a heap of ruins. Other historic religious buildings also were badly damaged.

## Rural School Play Day Set For County Schools

LISBON, May 23—The annual Columbiana County rural school "play day" will be held at Idora Park, Youngstown, May 25. School buses will transport students to the park for the outing. Students' families will attend and picnic dinners are planned. The afternoon will be highlighted by a championship baseball game between Winona and West Point, who gained the finals through elimination play.

## Amerasia Case May Unfold

Tydings Promises  
Complete Story

WASHINGTON, May 23—(AP)—The newly-revived Amerasia case of wartime theft of government secrets has stirred fresh interest in Congress, along with Republican charges of "cover-up."

Promises of "the full and complete story" were made today by Senator Tydings (D-Md.), who declared "a lot of people are drawing conclusions about things of which they know nothing."

The 1945 Amerasia Magazine case cropped up recently in connection with the Senate investigation of charges by Senator McCarthy (R-Wis) that Communists have infiltrated the State Department. Tydings is chairman of the Senate subcommittee investigating McCarthy's charges.

It came before the whole House late yesterday when Rep. Hobbs (D-Ala) threw aside the official secrecy which has shrouded Congressional hearings on the case since 1946.

Hobbs was chairman of the 1946 investigating committee.

He told the House he was speaking out now in answer to "a large number of unwarranted statements which won't bear the light of day."

The record disclosed, among other things, that some in the Navy suspected Lt. Andrew Roth of being a "fellow traveler." Roth was one of six persons arrested in the case. He was later cleared.

A Naval intelligence officer testified in 1946 that, in his opinion, the Navy was forced to accept Roth because of pressure from "some higher source."

Also disclosed was testimony by one "Brooks"—who Hobbs revealed to the House as the wartime cover name of Frank Bellaski, chief investigator of the Office of Strategic Services (OSS).

Brooks-Bielaski testified in 1946 that a raid on the Amerasia Magazine office in New York revealed hundreds of secret and confidential documents.

"Everyone of them bore the stamp that possession of the documents is a violation of the espionage act," his testimony related.

The Amerasia case featured the arrest of six persons in 1945 on charges of illegal possession of government documents. One was Philip Jafed, editor of the Magazine Amerasia. Another was Lt. Roth. Two were State Department employees, Emmanuel Larsen and John S. Service.

## Randolph Leads ITU Election By 7,000

INDIANAPOLIS, May 23—(AP)—Almost complete unofficial returns at AFL International Typographical Union Headquarters gave President Woodruff Randolph a 7,000 vote lead toward re-election today.

Don Hurd, ITU secretary, said no more tallies will be made until official tabulation starts Saturday. The unofficial count assures Randolph of re-election for a fourth term, Hurd announced.

Hurd said a tally from 669 of the 700-odd local unions gave Randolph 36,892 votes and his independent party rival, C. G. Sparkman, of Detroit 29,871.

## Final Federal Changes Face Wary Senate

Truman's Desires  
Could Get Kicked  
Around Again

WASHINGTON, May 23—(AP)—The fate of the last three controversial plans in President Truman's reorganization program hung in balance today before an unpredictable Senate.

The plan to reorganize the Commerce Department will provide the first voting test. Two relatively minor plans, with debate limited to one hour on each, were slated for votes later in the day.

The Senate is up against a mid-night deadline for action on the 21 plans that President Truman sent to capitol hill last March 13.

The law provides that a reorganization plan submitted by the President shall become a law after 60 days, unless specifically disapproved by either house. A House recess for Easter extended the deadline in the present instance until tonight.

Mr. Truman submitted the 21 plans in the aftermath of a long study by a bi-partisan commission headed by former President Hoover. Opponents of some of the Truman plans said they went beyond the Hoover recommendations. A citizens committee backing the Hoover reorganization ideas endorsed 20 of the 21, taking no stand on one to reorganize the National Labor Relations Board. This plan has been rejected.

Forty-nine votes are required in the Senate to adopt a resolution of disapproval which kills a plan. The first five plans to come before the Senate were killed off in the space of two weeks. Then, in an about face, Senators last Friday endorsed the plan to abolish the independent maritime commission.

They followed the new trend yesterday by endorsing, in effect, plans for the federal trade and power commissions.

## Jumps From Car Before Train Hits

Alden R. Weingart, 28, of 909 E. Fifth st., escaped uninjured but his car was demolished after he jumped from the car before it was hit by a train on the Pennsylvania railroad tracks at the crossing on the Beechwood road, northwest of Salem, at 11:45 p. m. Monday.

Weingart, alone in the car, saw the passenger train approaching and jumped clear of the vehicle. The car was knocked approximately 175 feet, state patrolmen said. The train slowed to a stop after rounding a curve and crashing into the car. It was on its way again after only 10 minutes.

## Hurt When Car Upsets

Patrolmen said Robert Baker, 21, of Elkton received a bruised arm when his car overturned at 8 p. m. Monday on Route 164, seven miles south of Lisbon. He told the state patrolmen he lost control on a curve and crashed off the right side of the road. The car was demolished.

## Driver Forfeits Bond

Richard Wohlgenuth, 40, of Cleveland forfeited a \$15 bond to Mayor Brooks Reed of Poland last night. He was arrested Sunday evening on Route 224, two miles east of Canfield, after side-swiping a car driven by Mrs. Helen Y. Lapusch, 36, of Youngstown.

## Two Motorists Fined

Nile F. Weingart, 20, of R. D. 4, Salem was fined \$15 and costs Saturday by Mayor Harry Vincent after he was arrested for speeding by state patrolmen. Mayor Vincent also fined George A. Ailes, 40, of Damascus \$15 and costs for operating an oversized vehicle.

## Oregon Man Dies In Car Going Through Lisbon

LISBON, May 23—A tourist, William O. Hall, 69, of Portland, Ore., succumbed to heart attack at 11:15 p. m. Monday, in his car on E. Lincoln Way, in front of the Henry funeral home.

Accompanied by his wife and son, Dr. Bernard Hall of Minneapolis, Mr. Hall was enroute to Alexandria, Va. He was an insurance salesman.

The body was taken to St. Paul, Minn., today.

## U.S. Won't Supply Troops

Pact Nations Not To  
Get Yank Personnel

WASHINGTON, May 23—(AP)—Some responsible officials declared today the Administration is giving no thought to the idea of bolstering the defenses of any of the North Atlantic countries with American troops.

Aside from the arrangement by which B-29 bombers are stationed in Britain, no such reinforcement has been proposed by any of the Western nations, a reporter was told.

Vice President Barkley suggested in a New Orleans address that the time might come when "American occupation forces" may be sent to other countries. Later he explained what he had in mind was a possible request for troops from some of the other 11 nations in the North Atlantic compact to round out their defenses.

Other officials, who declined to be quoted by name, were inclined to view Barkley's suggestion as speculation on the future, advanced on his own responsibility. They saw it as based on the troubled states of Western relations with the Soviet bloc and the military assistance this country already is giving Western European and other non-Communist nations.

There has been no hint that the matter came up for action or serious consideration at the London meeting of the North Atlantic council this month.

## Landon Urges U.S. Destroy Communism

EMPORIA, Kan., May 23—(AP)—Alf M. Landon, Republican Presidential nominee in 1936, said today the objective of the United States should be the destruction of the organism of the Communist party.

"The only way to clear an area of rattlesnakes is to destroy their nests," he told a College of Emporia convocation.

"The main nest of Communism is in the Kremlin. As long as we continue to tackle Communism only in places remote from the center, such as Greece, China or Iran, we can gain only indecisive results at the expense of great effort."

Landon said that with the Soviet possession of the atomic bomb the American position has been altered completely. "Today our situation is extreme. Within the next few years it can be hopeless."

## Janet Beth Wagner Loses Fight For Life

COLUMBUS, May 23—(AP)—Janet Beth Wagner, the two-year-old who flew halfway around the world to defeat a deadly blood disease, died last night in University Hospital.

The little girl, daughter of Mr. and Mrs. Paul Wagner of Akron, was stricken late in 1948 with an acute type of leukemia at Singapore. Wagner was chief buyer for the Goodrich Rubber Co. in the Malayan city.

Singapore doctors gave Janet Beth only six weeks to live. The Wagners just would not take that verdict. They flew to the United States.

The Dean of the College of Medicine at Ohio State University took over personal charge of Janet Beth's fight for life.

## Protests Cite 50,000-Man Army Created

Claim Unit Isn't  
Regular Police Force;  
Notes Made Public

WASHINGTON, May 23—(AP)—The United States, Britain and France accused Russia today of creating a 50,000-man German military force and called on the Soviets to disband it.

The three Western powers sent separate protests to Moscow saying Russia had broken its postwar pledge by establishing a police force in eastern Germany with—as the American note phrased it—"the character of an army."

The United States note called on Russia to prove its "peaceful intentions" by dissolving the "militarized units" immediately.

In making it public, the State Department said the British and French notes took the same general line.

Expressing "grave concern" at Russia's action, the American note said the Soviets have "destroyed world confidence in the sincerity" of their repeated protestations of peaceful intentions.

It cited five specific Soviet written agreements against militarizing Germany, including the promises made at Yalta February 11, 1945.

The three-power decision to send protests to Moscow was reached at the London conference of the Big Three foreign ministers—Secretary of State Acheson, British Foreign Minister Bevin and French Foreign Minister Schuman.

The United States note said of the German force: "It is not an ordinary police force, and it does not have ordinary police duties."

"It receives basic infantry, artillery, and armored training, and is equipped with military weapons including machine guns, howitzers, anti-aircraft cannon, mortars, and tanks."

"It must be regarded, therefore, as a military force."

The American note also said that by creating the force Russia has "destroyed world confidence in the sincerity of its promises" and aroused world-wide doubt "as to its pacific intentions."

The note went on to say that if Russia wants to restore some measure of confidence in its assertions of peaceful intentions, "it cannot fail to dissolve immediately the militarized units which it has set up in Eastern Germany."

In releasing the note, the state Department made available to reporters additional data on the East German police force. This said the force was created in August, 1949, under General Inspector Wilhelm Zaisser.

It said this "military force" was made up of 39 battalions (about 10,000 men) to train enlisted personnel and at least 11 officer training schools.

"The force is armed with standard German infantry weapons, but its military capabilities are at present negligible," the memorandum said.

"However, in the future it could form the nucleus of a new German army or an internal security force to maintain communist control."

## TRUCK SIDS OPENED

LISBON, May 23—The Lavin Chevrolet Co. of Lisbon was low among eight bidders when proposals were received for purchasing two 2-ton trucks for the county highway department. All bids made allowance for the trade-in of a GMC and a Chevrolet truck, on which the local firm was low with a bid of \$4,975. The O. S. Hill Co. of Lisbon was next lowest with a bid of \$5,084, while the top bid was \$5,400.

## Church Opposes Mixed Religion

Presbyterians Also Censure 'Euthanasia'

CINCINNATI, May 23—(AP)—The Presbyterian Church in the U.S.A. was on record today as 1, opposing marriage among its members and Roman Catholics under Catholic conditions, and 2, disapproving legalization of euthanasia (or "mercy killings").

This is the resolution by the church's special commission on marriage and divorce which the 162nd General Assembly adopted:

"Resolved, that this convention earnestly warns members of our church against contracting marriages with Roman Catholics under the conditions imposed by modern Roman Canon law, especially as these conditions involve a promise to have their children brought up in a religious system which they cannot themselves accept."

"And further," the overture read, "because the religious education and spiritual training of their children by word or example is a paramount duty of parents and should never be neglected nor should a member of this church give any understanding, as a condition of marriage, that the children should be brought up in the practice of another communion."

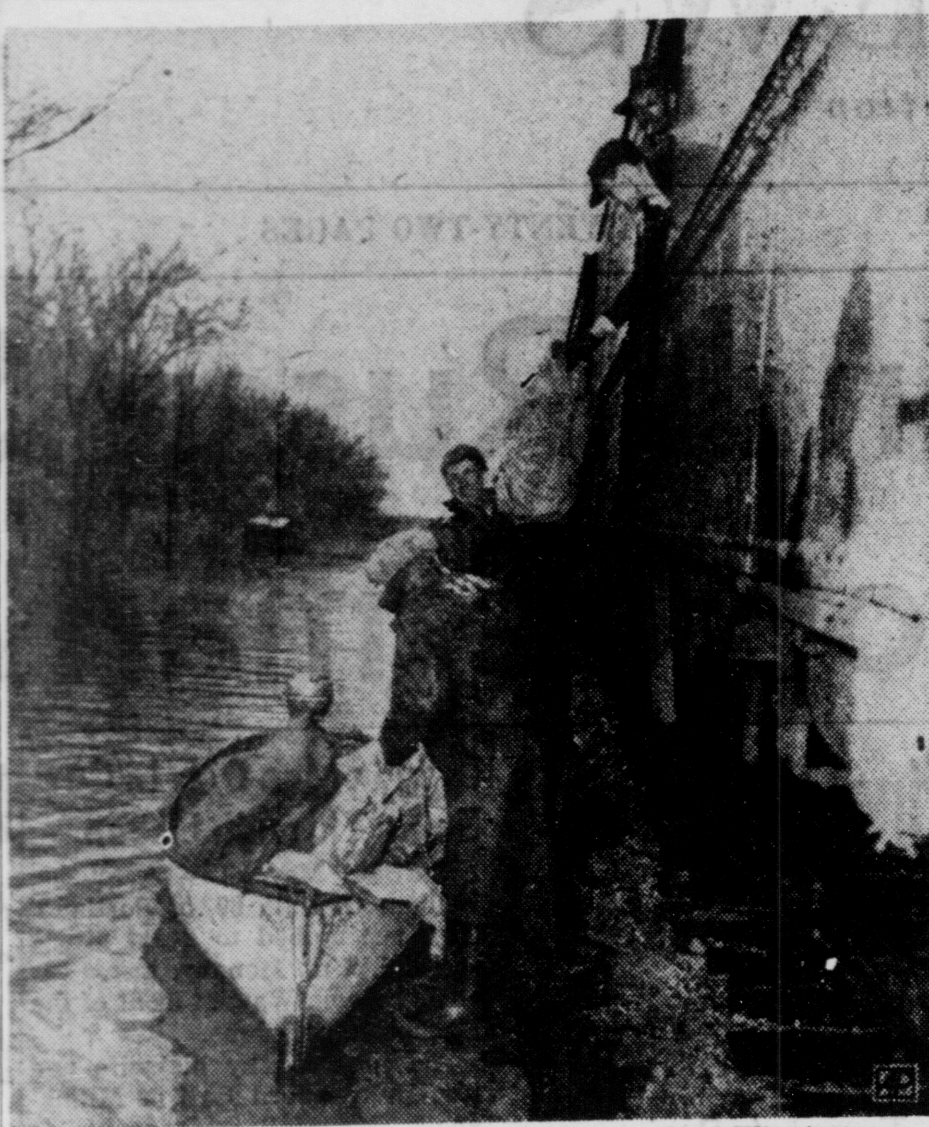

The commission then recommended the church unite with the Protestant Episcopal church in the U.S.A. in the stand and "call upon all ministers of the Presbyterian Church to inform our people of this action in all its implications."

The Episcopal Church made a similar resolution last October at its general convention.

The recommendation frowning on making legal so-called mercy killings was introduced by a Chester, Pa., delegation. Chester was the scene of such a slaying recently.

Mercy killings were attacked as being against the Commandment, "Thou shalt not kill." Legalizing euthanasia would "open the door to the most dangerous and vicious practices," the resolution claimed.

Some ducks must make long runs over the water surface before taking to the air, but mallards explode out of the water high into the air as if aided by rocket power.

MAIL TRAIN. This village of Dominion, south of Winnipeg, receives mail and newspapers regularly. However, because of the flood the procedure is a little irregular. They just pull a boat along side the mail car, load up and away they go to Dominion.

## 2 Salem Girls Win In Baton Contest

Eleven-year-old Carolyn Lewis, daughter of Mr. and Mrs. Caleb Lewis of E. Sixth st., in competition Saturday afternoon with 24 baton twirlers at the tri-county twirling contest at Garard High School, won the first-place gold medal award.

Sandra Shaffer, daughter of Mrs. Doris Schuster of Newgar-den st., who has appeared on television shows in Cleveland, won the silver medal award for 12 to 14 year-olds. She was second in a field of 14 young people.

Victor Fabor, national twirling champion, was the judge of 60 contestants in the three age groups.

## He knew They Were Coming, But Missed Out

CLEVELAND, May 23—(AP)—John B. McCahon, 26, had a legal excuse for not meeting his 23-year-old wife and three children when they arrived here yesterday from Wheeling, W. Va. The FBI said he had been arrested while waiting for the train at Union Terminal and would be turned over to the Army as a deserter. He came to Cleveland a month ago and got a job in an auto repair shop.

## Tooting Tunes On B & O

Chime Whistles End Casey Jones Era

BALTIMORE, May 23—(AP)—They're tooting tuneful whistles on the B & O Line.

The Baltimore and Ohio has installed musical whistles on one train and put single-chime whistles on eight yard engines. It has ordered more.

And it must have brought great sadness to the ghost of Casey Jones.

The famed Casey could sign his name through the Tennessee night with a locomotive whistle.

If his ghost looks with contempt on his modern railroad brethren speeding down the rail to the tune of musical chimes, the B & O at least has a good excuse.

"There are a lot of people who shudder at the harsh blast of the modern Diesel locomotive horn," a company spokesman said.

To ease the sleep of residents in earshot of the B & O and to cut down on the gripes, the railroad arranged with a New York Concern to produce a chime whistle for its Diesels.

The result, company officials say, is one with a "sound that is pleasing, but penetrating."

The B & O contends the new-fangled warning device produces an effect similar to the traditional

steam whistle that Casey played. Although different models can produce from one to five chimes, each plays but one tune. And the volume never changes.

No longer will you be able to read an engineer's personality from the moans of his toots.

Casey, on his legendary Cannonball, had complete control over his "whippoorwill whistle."

One old timer said: "Casey could just about play a tune on the whistle. He could make the cold chills run up your back with it, and grin all the time."

So the railroad engineer has taken another step towards machine age anonymity.

His identity will be concealed behind the standardized tootings of the bop era.

## Cockfight Crowd Taken For Money, And Pants

HENDERSON, Ky., May 23—(INS)—Word got out today about the spectators at a cockfight pit near Henderson, Ky., who lost their pants—and between \$30,000 and \$50,000.

The slow-moving report disclosed the holdup of approximately 25 men at the pit. Six partly masked bandits held up the spectators Sunday and escaped in a stolen auto.

The bandits forced the spectators to remove their trousers and pile them in the middle of the floor. After they took the money

out of each pair of trousers, the bandits fled—taking money and trousers. The stolen car was found abandoned a short distance away.

Most of the men were reluctant to discuss the holdup.

But one victim, identifying himself as Hershel McClain, Evansville, Ind., bartender, said the bandits threatened to shoot off his finger to get a diamond ring he could not remove.

## Mrs. Taft Improved, But Still in Hospital

WASHINGTON, May 23—(AP)—Mrs. Robert A. Taft, undergoing treatment for high blood pressure, will be unable to attend a reception planned by her husband, Sen. Taft (R-Ohio) Wednesday night. Mrs. Taft shows improvement at a hospital here, her husband's office says. The reception is in honor of Ohio Republican Congressmen.

# He Doesn't Care Who Passes Him!

ONE of the rarest satisfactions a 1950 Cadillac brings to its owner is serenity.

Watch him briefly in the stream of traffic—and, if he is a normal Cadillac driver, you will quickly sense what we mean. He drives as befits his mood and his requirements, and is quite content to let other people do the same.

Unless he happens to be in a hurry, it is all right with him if another driver wants the honors when the light turns green. He knows that the surplus power in that eager, dynamic engine was put there for his safety and driving ease—and not for dramatic display on the get-away.

And so on the open road. If you wish to drive

a little faster than he does, let him know.

He understands that his last two inches of throttle were not put there for the ungracious purpose of dominating the highway. They are there for an emergency—and for that lovely, floating, cruising ride which only a great reserve of power can provide.

So roll along, if you're in a hurry—and the top o' the mornin' to you!

It's a wonderful thing, this feeling of calm confidence in your motor car. It lessens the strain, and increases the pleasure, of every mile you drive.

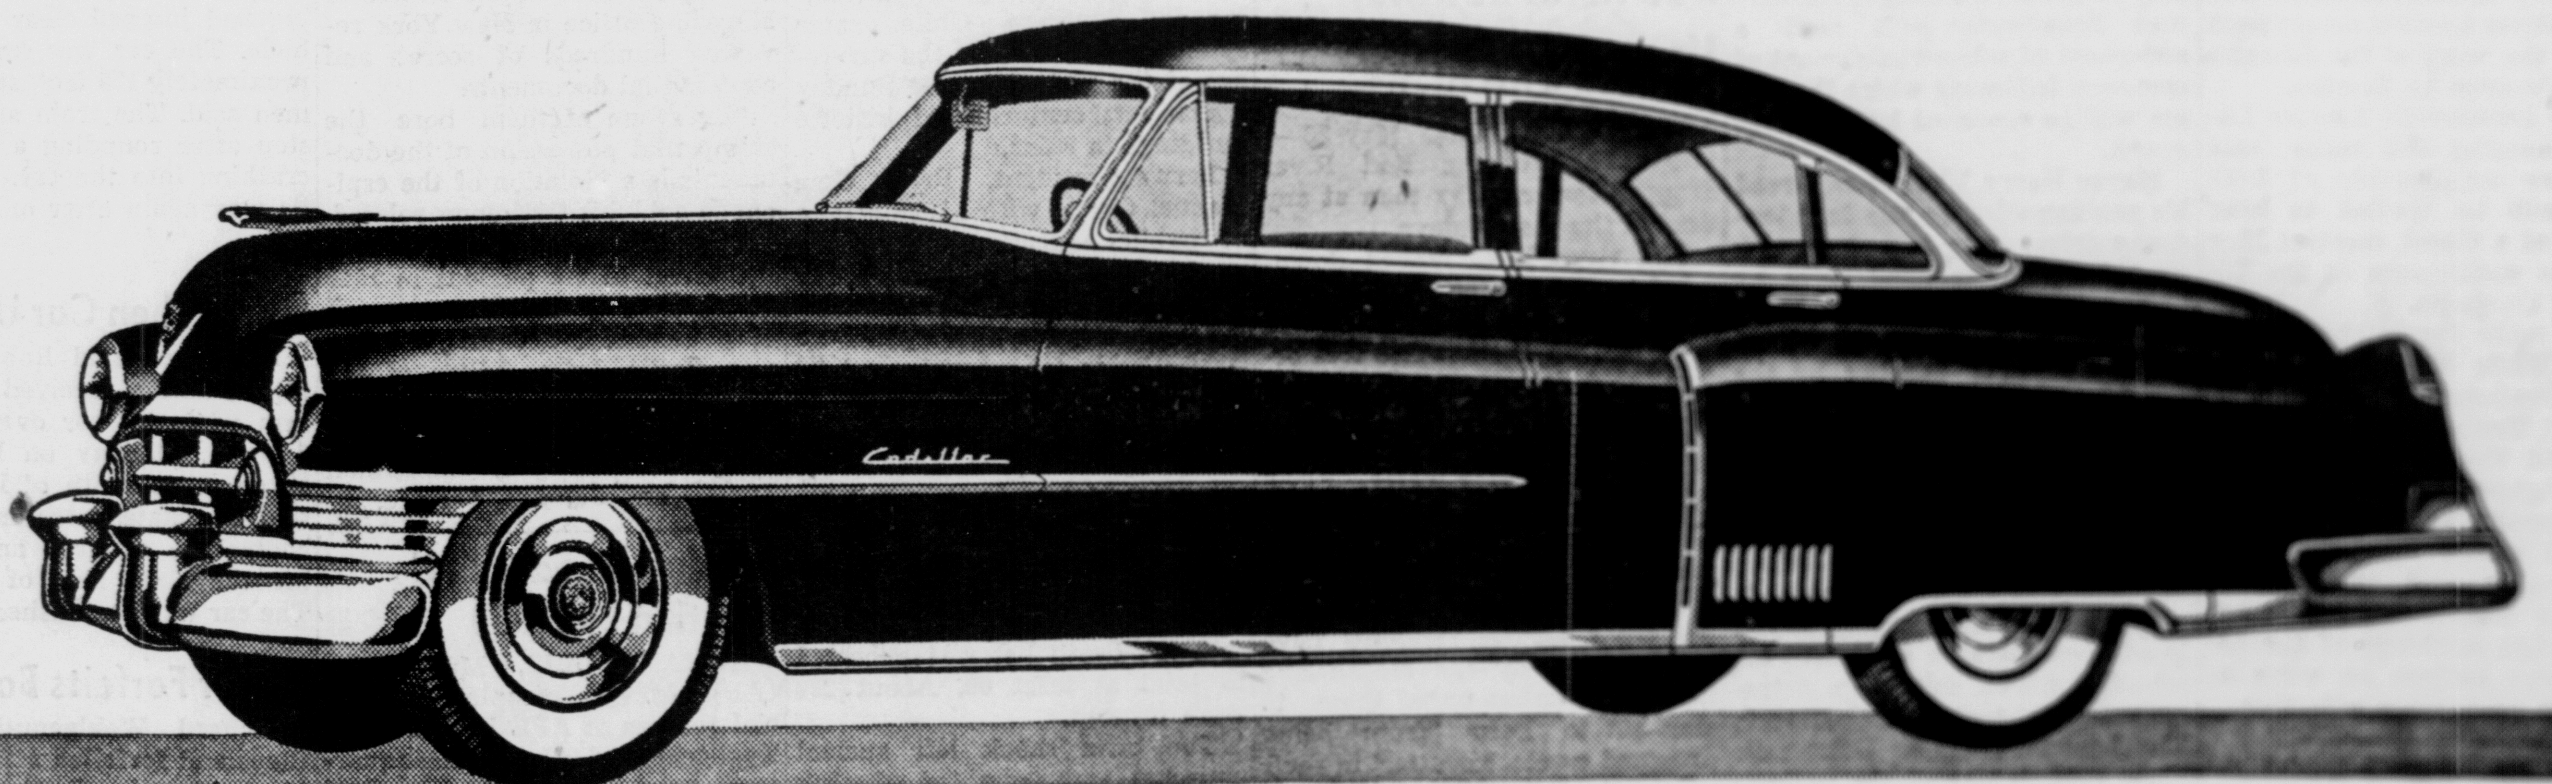

And we're wondering if you realize how easily and practically it can be your own. Listen . . .

. . . the lower-priced models in the Cadillac line cost less to buy than the highest-priced models of numerous other cars!

. . . Cadillac's great high-compression engine is so efficient that a single tankful of gasoline will suffice for a normal full day's drive!

. . . and when it comes to endurance, the Cadillac record stands by itself. The lifespan of a Cadillac car has never been fully measured!

Surely, these are such practical facts that they should point your way to the joys of a Cadillac. And the car itself can quickly reveal how great these joys can be. Why not come in—and see?

# Army Finances Get Scrutiny

## Accounting Office Called To Inquiry

WASHINGTON, May 23—(UP)—The general accounting office was called before Congress today to explain what it knows about the operations of the Army finance center in St. Louis.

A House Armed Services subcommittee was particularly anxious to know what the GAO learned last year in its investigation into the Center's handling of servicemen's allowances during demobilization, following World War II.

The subcommittee, headed by Rep. Paul J. Kilday (D) of Texas is investigating charges that the Center harbored Communists and mismanaged government funds. Several other government agencies are looking into the accusations.

In a recent report by the House Civil Service subcommittee, the GAO charged the Army, with making overpayments to servicemen, totaling \$157,000,000. The Army has acknowledged making overpayments, but it said all but \$35,000,000 has been recovered.

Rep. Kilday's subcommittee has invited Sally Dewey, a former employee of the Center, to tell what she knows about its operations.

Mrs. Dewey, who works for the adjutant general's office, says she was fired from the Center on a trumped up charge of inefficiency when she called the irregularities to the attention of superiors.

Altogether she has made 112 separate accusations against the Center, including charges that it was dominated by Communists and was generally lax in safeguarding government funds.

## Files \$2,500 Suit For False Arrest

LISBON, May 23—John M. McCullough of East Liverpool is defendant in a \$2,500 action for false arrest, filed in common pleas court here by Frank Lowery of that city.

The petition states that on March 21 the defendant falsely and maliciously and without probable cause charged the plaintiff in the East Liverpool municipal court with "failing to stop after an accident or collision with a person or property." The plaintiff states that, although he was acquitted, he suffered humiliation and disgrace by reason thereof, and incurred expense in employing counsel for which damages are sought.

A \$6,000 damage action has been filed in the court by Lawrence J. Calder of East Liverpool against John P. King doing business as King Coal Co., and for cancellation of contract. An accounting is sought for coal mined under a lease from land owned by the plaintiff, and judgment of \$1,000 is sought for failure of the defendant to abide by terms of the lease.

## Moscow Will Ignore Protest Note By U. S.

LONDON, May 23—(UP)—Radio Moscow indicated today Russia would ignore the May 5 American note accusing the Soviets of shooting down 10 men in an unarmed U. S. Navy privateer over the Baltic Sea.

The broadcast said the State Department charge was "groundless."

# Union Leaders Beaten In Row

## Toledo CIO Ouster Brings On Battle

TOLEDO, May 23—(AP)—Two union leaders who seek the ouster of Richard Gosser today told of being beaten by one of the backers of the CIO United Auto Workers vice president.

They are Carl Schick, 44, chairman of UAW's Local 12 unit at the Spicer Manufacturing Division of the Dana Corp., and Harold Billheimer, chairman of the local's unit at the Toledo Scale Co.

They named as their attacker Orville Beemer, state director of the CIO Political Action Committee and an aide to Gosser.

No charges were filed against Beemer although both Schick and Billheimer declared they would consult lawyers.

Both fights took place across the street from The Toledo Times building, and were witnessed by reporters.

Billheimer asserted Beemer knocked him down at least three times as he walked up to the Toledo union council building for a meeting of that CIO organization. He suffered a black eye and bruises.

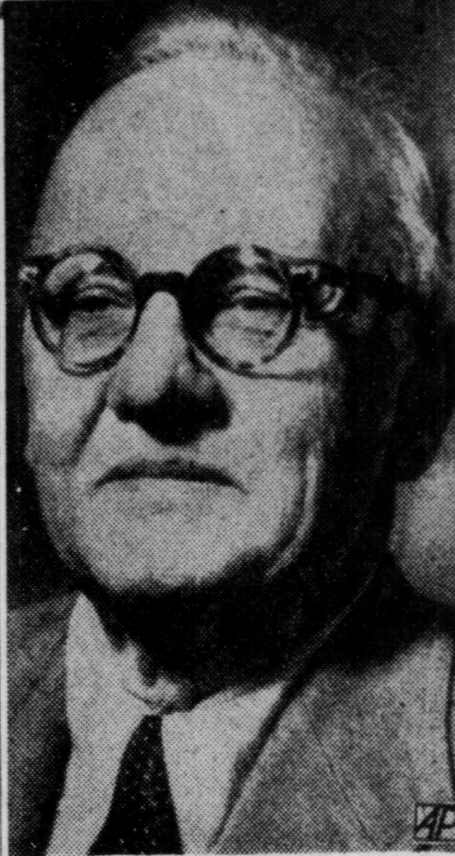

Schick declared Beemer struck him later, knocking him down two or three times.

Reporters said Charles MacFarland, a Toledo policeman, attempted to arrest Beemer when he happened on the second fight but was prevented by a crowd of bystanders who took Beemer inside the building. The office sent Schick to a hospital where he was treated for a broken nose and cuts and bruises.

At the meeting Gosser deplored the fights. "If you don't know how to talk without using your hands, stay home until this is all over," he pleaded.

A resolution was passed by the council taking exception to a statement by Richard Lazette, council president. Lazette had demanded that Walter Reuther, UAA president, enter the dispute in which a minority of the local seeks to oust Gosser.

One of the first stations to broadcast a crude form of television programs regularly was WGY, Schenectady, in 1928.

**WILL HEAD AID PROGRAM.** Capus M. Waynick (above), U. S. ambassador to Nicaragua, is being recalled from his post to give a quick start to the administration's new "point four" program for aid to the world's undeveloped areas, the State Department announced. Waynick, North Carolina publisher, will head up the enterprise only temporarily and will retain his status as ambassador.

**LEGION GROUPS TO MEET**  
The American Legion Charles H. Carey Post Memorial Squad and entertainment committee will meet at 6:30 p. m. Wednesday at the post home to discuss plans for the fish fry to be held Friday evening at Placencia Lake. John Herman is chairman.

# Four Are Chosen For Boys State

The four delegates to the 1950 Buckeye Boys State have been selected, with the honors going to Jim Hurlburt, Jim Callahan, Dick Brautigam and Bob Coy.

Boys State, sponsored annually by the American Legion, will be held June 10-19 at Camp Perry.

Financing the boys' trip are the American Legion Charles H. Carey Post, the Lions, Rotary and Kiwanis clubs.

The boys are high school juniors. Hurlburt is the son of Mr. and Mrs. Henry Hurlburt of 750 Highland ave. Callahan is the son of Mr. and Mrs. Clifford Callahan of 1443 Cleveland st. Brautigam is the son of Mr. and Mrs. Chester Brautigam of 994

N. Ellsworth ave. and Coy is the son of Mr. and Mrs. Perry Coy of 251 Jennings ave.

Bob Theiss was chosen first alternate. He is the son of Mr. and Mrs. Simon Theiss of 360 Euclid ave. The delegates were selected by school teachers. Eligibility was based on the points that each boy must have a grade of C or better for his school work; he must have demonstrated a preference for civics, public speaking or debate; he should be qualified by some experience as a leader and organizer of school groups; and he must have self-reliance, personality and an ability to compete with others of like standing.

Buckeye Boys State is a school in citizenship.

## Preview Of A Mess

THE munitions explosion which shattered South Amboy last Friday night has given civilian defense officials a preview of the mess they must try to forestall with planning and public education.

The South Amboy explosion, as such disasters go, was not a particularly bad one. Its death toll was only a fraction of the 512 persons killed when a nitrate-laden freighter exploded off Texas City, Texas, in 1947. But unlike the Texas City disaster, the South Amboy explosion was accompanied by an immediate reaction of panic. Thousands of persons in the area jumped to the conclusion that World War II had begun as they had been told it would begin—with the explosion of an atomic bomb.

Whether or not the subsequent pulling-together of community resources to deal with the disaster was a tribute to discipline, or an example of the probable breakdown of discipline in the event of an atomic explosion is a matter for the most thoughtful analysis. Atomic warfare would present the same problem, multiplied a thousand or more times. Every community would need to know in advance what it was going to do and how it would take the first and subsequent steps in emerging from chaos with a minimum of panic and lost motion.

Another thing, too, must be analyzed carefully—whether or not there is any evidence that the South Amboy explosion was more than the kind of accident which can happen any time when munitions are being handled. If such evidence were to be found, it would reveal immediately that the United States should revise its estimate of the temperature of the cold war.

## Blistering The Boss

THE leading lights of United Auto Workers will have to pardon the close interest of the reading public in that squabble between the boss of Local 12 in Toledo and some of his employees. What would be under ordinary circumstances a minor incident is getting the attention due a major clash.

This is because the reading public, long accustomed to blow-by-blow accounts of clashes between unions and management, is looking for a clue to the problem of employee relations; surely the labor outfit which occupies the ground floor of the nation's key industry could be expected to have all the answers.

If the U.A.W. and its agents can't keep their own employees happy in their work and free from bitterness against the boss, then business managers can quit apologizing for not having all the answers. They might even be able to persuade their critics in politics that no one has all the answers to all the problems that come up in labor relations—not even the unions, which claim to be without flaw or fault.

Today, the business managers and all other watchers of the Toledo fracas are sadder, but no wiser. The U.A.W. boss in Toledo was brief and profane when confronted with dissatisfaction among his employees. He concluded an hour's explanation of his position with this comment: "To those who say they won't do this or that unless I resign, I tell you to go to hell."

Any manager who tried that would be in trouble. When a union boss tries it, well, somehow it is supposed to be different. Is it?

## Bad Choice For Sally

THE CONVICTION of Mildred E. Gillers (Axis Sally) for treason has been upheld by the U.S. Court of Appeals. It probably will be upheld by the U.S. Supreme Court, if it is carried up. Miss Gillers, who says she can't understand why she was found guilty of treason, has been around long enough to understand that someone must take the rap for those broadcasts she made in Germany's behalf during World War II. The courts aren't dealing with technicalities in her case but with an attempt to hurt the United States in wartime while in the pay of an enemy power.

If Miss Gillers had wanted to play it safe while hurting her own country, she should have stayed here. In that event she could have enjoyed the privilege of saying and doing almost anything that came to her mind. She could have stopped production in a war factory. She could have accused her government of playing footie with Hitler in order to hurt Stalin. She could have propped to overthrow the government and beaten the bushes for converts to that point of view. The sky would have been the limit—and was the limit for many people who preferred to stay on the scene and bore from within. Axis Sally made her great mistake in going to Germany, where her treason could be viewed objectively.

You'll never find opportunity knocking around with other knockers.

## ECA's Hoffman

By PETER EDSON

## Friends See Him As Presidential Timber

WASHINGTON  
THE NAME of Paul Gray Hoffman, Marshall Plan administrator, has been indirectly tossed into the ring as a presidential possibility. Mr. Hoffman immediately ducked.

The tosser was no less a person than Thomas B. McCabe, chairman of the board of governors of the Federal Reserve System.

The occasion was a semi-annual meeting of the board of trustees of the Committee for Economic Development, private business research organization. CED was founded during the war and Paul Hoffman, then president of Studebaker Corporation, was its first president.

Quoting an unnamed senator, Chairman McCabe said, "There is no man I'd rather see in the highest office of the land than Paul Hoffman."

Having made this nomination, Mr. McCabe then voiced the one great obstacle to its fulfillment: "Since he (Hoffman) does not belong to any political machine," said McCabe, "it will probably be difficult for him to reach this highest position."

Hoffman was given a rising and rousing ovation after this unexpected introduction. He responded with an extemporaneous talk that was one of the most moving and inspirational speeches Washington has heard in a long time.

It was not a political speech or a candidate's speech. Hoffman had prepared a manuscript, but he did not follow it.

Letting himself go, he expressed the deep convictions he held, after two years' experience as administrator of the Marshall Plan.

Before going into his formal remarks, Hoffman attempted to belittle the presidential nomination which Chairman McCabe had given him. In the 10 years that he has been coming to Washington and serving the government in one capacity or another, Mr. Hoffman has consistently maintained he had no political ambitions.

He has frequently said that he wishes only to return to private business. There have been many reports that he desired to resign as Marshall Plan administrator this fall. But after the demonstration he was given by CED colleagues — nearly 100 of the most progressive leaders and big men of American business — it will be difficult for him to avoid consideration as eligible for further government service and higher office.

Paul Hoffman is a Republican. Thomas B. McCabe is a Republican. Chairman McCabe did not identify the senator who had sized up Hoffman as a man of presidential timber, but speculation points to two men. They are Republican Sen. Ralph Flanders of Vermont and Democratic Sen. William Benton of Connecticut. Both were founders of CED. Senator Benton in particular is known to be a great Hoffman booster and was instrumental in getting him appointed as Marshall Plan administrator.

In thanking Chairman McCabe and his unnamed senator for their tribute, Mr. Hoffman said, "I am also quite well aware of what a couple of other senators think of me. And that keeps me properly humble. But to quote the popular song, 'Enjoy Yourself—It's Later Than You Think.' 'I left my company in the lurch to come to Washington and it zoomed. I left CED in the lurch and it zoomed. So whenever anyone tells me I am even remotely indispensable, I know better.'"

Turning serious for his main theme, Mr. Hoffman declared, "This struggle we're in is not World War II or World War III. It is a real struggle for the survival of western civilization. That sounds oratorical, but the things we do now will determine the kinds of lives we lead in the future."

"This struggle we're in is called a 'cold war.' It is not an apt phrase and I'd like to find a better one. But the kind of cold war that the Russians are fighting now has the same four fronts as the modern shooting war. They are the military, economic, political and informational fronts."

"This war is on now—not tomorrow. If we are willing to carry on that kind of war we can see Europe built up and not in ruins—and we can finish that war at a cost of less than \$15,000,000,000."

Mr. Hoffman quoted former Army Secretary Gordon Gray to the effect that the total cost of World War II by the time the last pension is paid will be \$1,300,000,000,000. The cost of a third war would be even greater.

"No one should say, 'Let's get on with the shooting,' exclaimed Mr. Hoffman. "War is the ultimate stupidity—but if we carry on a smart four-front war, Russia will be contained."

"Russia is not a super-state," Mr. Hoffman declared in his final plea. "It is a sinking state. If we can carry on this war at this extremely low cost, we'll see freedom on the march again."

## Crop Rotation

By TRUMAN TWILL

HERBERT HOOVER—and this isn't going to be about politics, but boys—is chairman of the Boys Clubs of America. In a speech prepared for delivery before that organization's annual convention, he said something worth keeping on hand for second thought.

A boy, he pointed out, is a periodic nuisance but a joy forever—"the most entertaining animal there is." But he has a characteristic which gets him into trouble in the wrong environments. He likes to travel in a pack. He may hunt for either good or evil purposes. Society's problem, therefore, is to provide good purposes.

The problem is complicated in the case of boys who grow up in cities by too many pavements, brick walls, fire escapes and alleys. And here is the observation most worth remembering: "The normal boy is a primitive animal and takes to competition and battle. If he doesn't have much of a chance to contend with nature, and unless he is given something else to do, he is likely to take on contention with a policeman."

A friend who dropped in the other day was telling how horrified he was after reading about those young hoodlums in New York City who beat up each other and even commit murder for fun. These dead-end kids of the pavements and alleys of the world's biggest city have gone berserk; they are unmanageable. Something must be done to keep them from being a first-rate menace. The Boys Clubs of America is one of the organizations assisting them. It's a tremendous job, though, to try to undo damage which could be averted only by a change of environment. The rescue too often comes after the victim has gone under for the second time.

Beside the Twillery is a space that is going to be a meadow some day, provided the pasture grass planted there keeps growing. This is doubtful. Night after night it gets a good tramping-over by a half-dozen boys playing baseball until twilight, then changing to football until dark. They are ordinary boys, however, meaning that they are worth whatever it costs to keep them that way. Grass can be grown some other time. This year's crop comes first.

These boys cuss a little, but they laugh a lot. They have some

## BIBLE QUOTATION

Not of works, lest any man should boast.—Ephesians 2:9.

bad habits, worst of which is the diligent avoidance of everything that might be called work. They are dirty and a touch ornery. A skeptic would suspect them of swiping muskmelons, chewing tobacco, smoking cigars on the sly and telling occasional lies. It may be that every last one of them will come to a bad end, or turn out to be worthless. But the odds are in their favor. They are where "the most entertaining animals on earth" belong at their age.

They pause occasionally to watch a pheasant, or wild ducks circling the marsh where broods of ducklings are being hatched. They call attention to the warbling of an oriole, or the quick scurrying of a groundhog, on important business. The ground under their feet and the hearts under their tattered shirts are warm. They are in competition. But they are laughing.

It can't be done, but if half a dozen of those kid hoodlums from New York City could play ball in a pasture, the odds would be in their favor, too.

## SIDE GLANCES

By Galbraith

"He wants a big-screen model, but says he'll have to wait till the unemployment relief pay is raised!"

## 'I Raise You, Harry'

## Government Practices Usury On Taxpayers

By DAVID LAWRENCE

WASHINGTON  
MEMBERS of Congress are supposed to represent the taxpayers—but more often they choose to represent a spendthrift administration even when it comes to the simple question of usury.

For centuries past usury has been an opprobrious term applied to excessive interest. It used to be practiced mostly by individual money lenders. Modern society has applied limits to the amount of interest that can be charged by individuals or banks—but there apparently is no limit to the usury that is practiced by the government of the United States itself in the guise of interest on taxes.

Congress rightfully imposes a penalty for failure to pay taxes on time but, with the ambiguity of language in the tax laws nowadays, years pass before it can be determined in many instances whether the taxpayer owes money to the government or the government owes money to the taxpayer. Once the amount due is determined—sometimes four or five years after a tax return is filed—then the taxpayer is charged 6 per cent interest for all the time the government has taken to make up its mind as to what is really due. Some taxpayers repay as high as 30 per cent interest in cases undetermined for five years.

SOMETIMES the government has to make a refund and up to now it has been argued that, since the government pays 6 per cent on refunds, it is logical that the taxpayer should pay 6 per cent on any sums that are determined finally as owing to the government.

But the house ways and means committee last week voted to reduce from 6 per cent to 2 per

cent the interest that the government will hereafter pay the taxpayer on refunds while retaining the 6 per cent rate of interest on anything the taxpayer owes the government. This is offered brazenly as a means of raising revenue. The usurers of ancient days also wanted to raise money by manipulating the interest rates. Thus, in the future—unless the house of representatives or senate votes it down—when the government has a refund to make the interest will be in favor of the government, and when the taxpayer has extra taxes to pay the interest will also be in favor of the government.

It would be far better and cleaner if Congress passed a law flatly penalizing a taxpayer a certain percentage for making a mistake in figuring his taxes. At least, this would have the virtue of candor. But to collect revenue in the guise of "interest" from taxpayers who make a conscientious effort to pay the Treasury what the best advice from tax experts tells them to pay is to use the interest device as a punitive measure.

The taxpayer is quite willing to pay his taxes if the government will tell him promptly that he has made an error. In fact, there would not be the slightest objection probably from most taxpayers if they are required to pay 6 per cent interest on any sums determined within a year to have been due. But when the government takes four or five years to make up its mind what is really due, then the taxpayer is being penalized 6 per cent a year for waiting on governmental red tape to be unwound.

UNDER PRESENT practice, the taxpayer and the government have three years in which to revise or correct tax returns and ask for refunds or be required to pay extra sums, whichever the case may be. This is because the "statute of limitations" is three years from the day the income-tax returns are filed.

Thus, returns filed March 15, 1947, were open for change until March 15, 1950, but just a few weeks before the latter date the government presented tens of thousands of taxpayers with what is known as a "waiver," requiring the taxpayer to agree to a three year extension "or else." The general opinion among tax lawyers is that the waiver is a form of "blackmail" which would be frowned upon in business or finance, but the government gets away with it on the plea that it hasn't got around to settling outstanding returns and needs more time.

A simple solution of the problem would be to keep the interest rate at 6 per cent on refunds as well as on deficiencies when either is determined within one year from the filing of income-tax returns. Anything which was determined within two years would take a 4 per cent rate and anything beyond two years would be calculated on a 2 per cent basis for all years from the time the return was filed till the date of determination of the amount due.

This would serve as an incentive to the government to clear up all pending cases promptly and would speed up cases involving probable deficiencies where sizable amounts of revenue are to be found.

## Law Needed

By HAL BOYLE

## Actors Live Too Highly

NEW YORK

FILM STAR Larry Parks says there "should be a law to make actors live sensibly—for their own good."

"It's almost an industry-wide practice now to encourage an actor to live over his head and beyond his means," he said. "There is always pressure to buy a bigger house—to do this, to do that."

"But if he plays the game that way the actor finds he is never really economically stable. He can't afford to turn down a bad picture, because he is always in need of money."

"The only way he can beat the game is not play it."

Larry, who just finished "That Bedside Manner" for Columbia Pictures, passed through here on the way to a four-week stage tour of Great Britain with his wife, Betty Garrett, the musical comedy star.

"When we get back we're going to do a picture together on our own," he said. "It'll be a three-partner enterprise—Larry, Betty and their lawyer, Lou Mandel."

"IF THE picture isn't any good, at least we won't be able to blame anyone else," said Parks. "When you're using your own money, you have to do as well as you can. If you lose it, you're dead on the first one."

Larry, who just finished "That Bedside Manner" by living as simple as possible.

"We don't have the drain of keeping up a \$100,000 home," he said. "We probably have the smallest house in Hollywood. We can turn the key in the lock when we leave, and it won't cost us more than \$32 a month while we're away—including taxes."

"You just have to decide what kind of life you want," remarked Betty, who shares her husband's views.

Larry has had a very interesting in the financial rewards of acting ever since his first movie role. It was a Biblical picture. Larry got \$2.50 a day for playing a Roman soldier—and then learned that a camel on the set was getting \$50 a day for playing a camel.

Parks, who has appeared in 40 pictures in 9 years, served a rough apprenticeship in 28 B-graders before catching the public eye in "The Jolson Story."

His years of struggling for recognition have made Parks, as he amiably says himself, "kind of hipped on the subject of security for actors."

HE GAVE these figures: "There are 7,500 members of the Screen Actors Guild, and they average less than \$2,000 a year."

"Ninety per cent of the people who come out to Hollywood under contract are gone within a year. And most of these people have had some kind of background in this business. Isn't that a frightening statistic?"

"I don't know how to avoid this dreadfully big mortality rate. I recall don't. But actors ought to know what they are up against—and plan their futures more sensibly if they are lucky. Otherwise the big incomes that come to some in Hollywood are just fools' gold."

Larry still has three years to go on his picture-a-year contract with Columbia. But he and Betty are gambling for real security as a husband-and-wife team under their own act-up.

"It is very difficult to have a happy life if you're working apart," Larry said. "So we've decided, come hell or high water, we're going to work together."

## Looking Backward

From The News Files

FORTY YEARS AGO—Ambler Smith left Wednesday for Cleveland to attend the opening of the ball season and the new ball park there. He was accompanied by his son, Harold, who will spend the remainder of the week with his brother, Wilbur, a student at Western Reserve University.

Mr. and Mrs. J. J. Cope visited yesterday with Mrs. Cope's parents, Mr. and Mrs. George Krider of Columbiana.

Mrs. Charles Strough of East Liverpool is visiting at the home of Mr. and Mrs. Spencer Jewell of Jennings Ave.

TWENTY-FIVE YEARS AGO—Chiffon petal frills with irregular hemlines are being shown covered from shoulder to hem with a spiral of crystal fringes which terminate in points, the opening being above the knee and the point below it.

Mr. and Mrs. Arthur M. Wilhelm have returned from a three month trip to Palm Beach and Miami, Fla.

Mr. and Mrs. William Griffith of Canton are visiting at the home of Mr. and Mrs. Ernest Schmidt, W. Fifth St.

TEN YEARS AGO—Sunshine Society members were entertained yesterday at the home of Mrs. Ed Brudnerly on the Depot rd. Mrs. George Balta and Mrs. Jesse Whitton entertained with accordion duets. Mrs. Wilford Mounts was a guest of the group.

North Ellsworth Avenue Club members met yesterday at the home of Mrs. C. D. Carr on the Ellsworth rd.

Prizes were won by Mrs. Ed Herron and Mrs. William Snyder when Mrs. William Spenneller entertained Amity Card Club members at her home on E. Eighth St.

FIVE YEARS AGO—Mrs. John Ward led the games and contests at a recent meeting of the Merry Matrons Club at the home of Louise and Wilma Asgerter, near Now Garden.

St. Louis, Chicago, Pittsburgh and possibly New York will battle for the National League pennant and St. Louis, Detroit and New York for the American league flag, according to pre-season comment by major league managers. Baseball writers also predicted another all-St. Louis World Series.

## Salem Garden Club Members Tour Old Sandy-Beaver Canal

By PEARL WALKER

A 100-MILE TOUR of scenic and historic spots close to Salem's back door was enjoyed by 33 members of the Salem Garden Club and eight guests Monday.

Conducted by R. Max Gard of R. D., Lisbon author of a book being published on the old Sandy-Beaver Canal, the tour covered a part of the canal line. Mr. Gard has spent 10 years in research work to compile his information. The canal was the greatest privately sponsored project in Ohio prior to the Civil War.

Leaving Salem by way of the Depot rd., the group made the first stop at the site of the old Cold Run reservoir, on a byroad east of the main highway, which had a capacity of 80,000,000 cubic feet. Feeding the summit of the canal, the reservoir broke April 12, 1852, causing the immediate failure of the Sandy-Beaver Canal Co. John Jacob Bowman, 73, who discovered the break, rode down the valley warning people and as a result there was no loss of human life, although there was a heavy loss of cattle and property.

According to records, the locust sprout he used to speed up his horse that day was planted on the Galen Bowman farm near the county home and is now one of the largest trees in Ohio. This site is to be used by Salem for its new water supply.

From there the tour led to historic Hanoverton and included the old Spread Eagle tavern, an "underground railway station," and two canal warehouses. The room without a door may be seen in the "station" and in its basement there is a secret tunnel leading to the house across the road.

The big tunnel between Hanoverton and Dungannon, with its mass of broken rock on top, was next in line. From there the tour led to St. Paul's Catholic Cemetery, Dungannon, where many of the Irish canal workers were buried on consecrated ground. The cemetery is on the site of the first St. Paul's Catholic Church in the village, which was later replaced by St. Phillips Neri Church.

Next stop was at Beaver Dam, on the west fork of Beaver Creek within sight of Route 30, where it crosses Richey bridge.

There was a brief visit at the Beaver Valley antique shop, near which is one of the oldest marked graves in this part of Ohio, that of Al Miller, dated 1806. In the yard is a honey locust tree, with thorns eight to 10 inches. It was this species of thorns which are reputed to have pierced Christ's brow.

The historic McKinley home, near Lisbon, was another interesting spot on the tour. In the home is a huge fireplace once used by President William McKinley's parents for cooking. There is also on this farm a well-preserved cave, once occupied by prehistoric man.

The group had a luncheon at the Wick Hotel, landmark in the county seat. Formerly the Watson House, it was in this building that a great celebration was held the night of Oct. 30, 1846, when the first canal boat came into New Lisbon (Lisbon).

Mrs. S. F. Sonnedecker, president, was in charge of the luncheon and announced the club's flower show for Friday, June 23, in the high school gym.

Highlights of the afternoon were the visits to Lusk's Lock and the Beaver Kettle Farm. The lock is the largest and best preserved along the canal line and is located just south of Elkton. Huge hand-carved stones in it make it almost a masterpiece.

## Methodist Group 2 Holds Benefit Tea

Mrs. Earl Rogers was hostess last Friday to 50 members and guests of Group 2 of the Methodist Women's Society of Christian Service at a benefit tea in her home on the Albany rd.

Mrs. Guy Byers gave an interesting review of the Willy Snow Ethridge book, "Going to Jerusalem," on the program planned by Mrs. G. W. McKee, Bob Zimmerman, Bob Tarzan, Ben Bailey and Dick Daugherty, the Quaker City Four, entertained with several selections.

Mrs. Frank Mangus and Mrs. Carl Willman presided at the tea service at the refreshment table. A crystal bowl held yellow and white tulips and white lilacs and yellow candles also were in crystal.

Flowers throughout the home were from the gardens of Mrs. R. R. Cuthbert, Mrs. Joseph Caladine and Mrs. Rogers. Mrs. McKee assisted the hostess in serving.

DEMING QUEEN—Martha Redman (center) was chosen queen recently by the Deming Girls Club. On her left is Verla Weingart and on her right is Norma Weikart, runners-up.

## Mr. and Mrs. Rich Married 57 Years

Celebrating their 57th wedding anniversary, Mr. and Mrs. J. A. Rich of E. Fourth st., their children and grandchildren enjoyed a dinner Sunday at Ma Perkins restaurant, near Niles. The honor guests received gifts and greeting cards. Guests were from Salem, Steubenville and Columbiana.

Mr. and Mrs. Rich have spent their married life in Salem. He is a painter and decorator.

## Marilyn Lenz Engaged To Robert Roberts

The home was prettily decorated with spring flowers when Mrs. Charles Lenz of North Lima entertained a group of relatives and friends informally Monday evening at her home to announce the engagement of her daughter, Marilyn, to Robert Roberts of Beloit. Floral arrangements graced the tables at which lunch was served to 30.

Second honor graduate of her class, Miss Lenz received her diploma at the commencement exercises of North Lima High School last night. Mr. Roberts, son of Mr. and Mrs. J. B. Roberts, graduated from Salem High School and is employed as classified advertising manager of The Salem News. No date has been set for the wedding.

## Lutheran Circles Meet Tonight, Wednesday

Members of the Naomi Circle of the Daughters of Emmanuel, Emmanuel Lutheran Church, will meet tonight in the home of Mrs. W. J. Seeman of E. State st.

Circles meeting at 8 p. m. Wednesday are: Esther — home of Mrs. Joseph S. Schmidt of N. Ellsworth ave.; Hannah — home of Mrs. Simon Theiss, Euclid st.; Martha — Mrs. Rudy Linder, Prospect st.; Ruth — Mrs. Fred Girscht, Damascus rd.

## With The Patients

Mrs. Frank Filson of Alliance, formerly of Salem, who is in the Alliance City Hospital recovering from injuries sustained in a fall, is much improved.

## Rebekah Lodge Plans Benefit Card Party

Plans for a benefit card party at 8 p. m. Tuesday, June 13, were made at a recent meeting of Home Lodge, Daughters of Rebekah. Mrs. Frank Hoskins is party chairman.

Reservations for a school of instruction in Alliance June 23 may be made with Mrs. Ray Pearce by June 19. The school is an annual event of District 28, with lodges from Salem, Sebring, Columbiana, East Palestine, Lisbon, Leetonia and Alliance participating.

Mrs. W. M. Pritchard and her committee were hostesses to the lodge Friday evening.

The social committee for the meeting June 2 includes Mrs. R. W. Hack, Mrs. Stanley Howard, Mrs. L. Goodballet, Mrs. Edwin Goodballet, Mrs. Norman Weirick and Velma Grove Meiter.

## Marriage Licenses

George Kenneth Oliver, 22, potter, East Liverpool and Donna Jean Burns, 19, potter, Wellsville.

Thomas Turner Roberts, 26, laborer, East Liverpool, R. D. 2, and Helen Mae Vaughn, 21, Wellsville.

Frank J. Mitcheson, Jr., 23, Ohio Power Co., and Jacqueline Ruth Hartzell, 19, telephone operator, East Liverpool.

Clyde H. McDaniel, 50, potter, and Ellen A. Redick, 39, potter, East Liverpool.

Edward C. Monroe, 21, salesman, and Virginia R. Gamble, 25, Elkton.

Warren E. Evrard, 36, soldier, Pittsburgh, and Susan Y. Wise, 23, registered nurse, East Liverpool.

Douglas H. Steebner, 32, student, and Dolores L. Winters, 21, student, Wellsville.

## Miss Stewart Re-Elected By Women Bowlers

Margaret Stewart was re-elected president of the Women's Commercial Bowling League at a recent dinner meeting at the Saxon Club.

Other officers are Betty Kyser, vice president; Betty Hanzlick, secretary; Phil Fagan, treasurer; Camille Entrikin, sergeant at arms. Edith Groner was a guest.

Seventy-two women were seated at the tables arranged by Lera Bush, Carrie Slagle and Lois Longanecker. Gumdrops, bowling pin favors marked each place, and bouquets of lilacs and roses added to the effective setting.

Franks And Pop Go On The Picnic

Picnics aren't complete without frankfurters.

THOSE all-American favorites —hot dogs and bottled soft drinks—go to the Memorial Day picnic or, for that matter, to the picnic at home.

An old friend of ours, Kathrine Wellingsbrook, comes up again with a new angle on an old favorite. She suggests splitting frankfurter rolls lengthwise, spreading them with a mixture of sharp cheese and mustard, and then placing in slow oven (300 degrees F.) for about 10 minutes.

We tried it. It's wonderful. She serves iced carbonated beverages with them. For Memorial Day each bottle has a narrow red, white and blue ribbon about it. The pop bottles stand in a bucket of ice, and there are always plenty of extra bottle openers in case one gets lost in a careless pocket.

She has two other simple, very

good snacks for our holiday picnic. I think you'll like them, too.

### Sour Cream Mustard Dip

One-half pint sour cream, 1½ tablespoons prepared mustard, ½ teaspoon salt, dash black pepper, 1 teaspoon salt, dash black pepper, 1 teaspoon celery seed.

Combine sour cream and mustard. Stir in seasonings. Chill well. Place bowl in the center of platter containing pretzels and potato chips.

### Salami Cones

Ten to 12 slices salami, 2 packages (3 ounces each) cream cheese, 2 tablespoons milk, 1 teaspoon prepared mustard.

Roll the slices of salami into cones; fasten with toothpicks. Soften the cream cheese with the milk, using more milk if necessary. Mix in the mustard. Fill the salami cones and chill thoroughly. Before serving remove toothpicks.

Mrs. Jack McMillan of Madison, South Dakota, says:

# "VEL cuts dishwashing time in half!"

"My dishes and glassware gleam without wiping!"

VEL IS MILDST TO MY HANDS!

MILDST TO HANDS of all leading soaps and soapless suds!

Actual skin tests made by an independent laboratory — name on request — prove that Vel is mildest to hands of all leading soaps and soapless suds tested!

Mrs. Jack McMillan writes: "Vel, Colgate-Palmolive-Peet's new product, cuts my dishwashing time in half! I just wash dishes with Vel and rinse! They dry sparkling without wiping! I save up to half my dishwashing time! "Vel cleans my dishes cleaner than soap! There's no soap scum to polish away!"

"Now, I get my pots and pans shiny clean without hard scouring!"

Soak pots and pans with Vel suds while you wash the dishes. Then wash them so shiny clean no hard scouring is needed! Vel cuts through grease faster than any soap!

\*VEL is the trade-mark of the Colgate-Palmolive-Peet Co.

## Miss Martha Chappell Wed To John Sherman Myers

BEAUTY AND SIMPLICITY marked the wedding of Miss Martha Chappell and John Sherman Myers Saturday afternoon in the home of her godparents, Mr. and Mrs. R. John Taylor, on S. Lincoln ave.

Rev. Harry A. Barrett, rector of the Church of Our Saviour, officiated at the ceremony performed at a fireplace setting of palms and ferns effectively arranged with white carnations and snapdragons. The kneeling bench was between lighted tapers in seven branch candelabras tied with white satin ribbon.

The bride, the daughter of Mr. and Mrs. George D. Chappell of E. Sixth st., was given in marriage by her father. Mr. Myers is the son of Mr. and Mrs. Paul Myers Sr. of Perry st.

Imported white Swiss eyelet organically fashioned the gown the bride wore. The bodice was fitted, and self-covered buttons were used as front trim from the peter pan collar to the full skirt.

Her Juliet cap was edged with ruffled veiling, and above the elbow mitts completed her costume. She carried a white prayer book with a cover of carnations showered with white satin streamers looped with sweetpeas.

Mrs. Charles McGuire of Salem, matron of honor, attended the bride in an aqua gown of silk crepe. Her colonial bouquet was made of yellow daisies and tea roses and her accessories matched her gown.

Paul B. Myers Jr., served his brother as best man.

For her daughter's wedding Mrs. Chappell wore dark blue crepe with white accessories and

a pink rosebud corsage. Mrs. Myers complemented her gown of dusty rose beige with baby yellow roses arranged in her hair.

The reception immediately followed the ceremony. The decorated four-tiered wedding cake, topped with a nosegay of sweetpeas, was arranged between lighted white candles in silver holders on the refreshment table. A beautiful Madeira cloth added to the attractive setting.

For their honeymoon trip to the Carolinas, the new Mrs. Myers wore a light cocoa brown suit of gabardine and her accessories were pink. Returning in two weeks, they will make their home in their apartment at 180 N. Broadway.

A recent party for the newlyweds was arranged by Mrs. George Lozier and Mrs. Paul Bloor at the Lozier home on N. Lincoln ave. The party was a surprise miscellaneous shower affair.

Mrs. Maude Atchison of Orlando, Fla., and Mrs. Cora Dougherty won the prizes of the evening. Lunch was served at a table decorated in a pink and white theme, with "sprinkling cans" used as trim.

Guests were from Salem, Sebring, Newton Falls and Florida.

Mrs. Dusenberry, Miss Derfus and Mrs. Fawcett; junior counselor—Mrs. Curtis Vaughan and Mrs. Homer Taylor.

## Mother, Son Celebrate Birthdays At Dinner

Mrs. Lawrence Hoyle and son, Alvin James Cocos, celebrated their birthdays, which are only a few days apart, at a dinner party Sunday at their home on New-garden st.

A three-tiered birthday cake, inscribed with the words "Mother and Son", was between arrangements of pink carnations and baby mums on the table overlaid with lace on pink silk. Candy in pink plastic baskets marked the 16 places at the table. Cut crystal held pink candles.

The guests, from Salem, Akron, Youngstown and Alliance, enjoyed television. The set was a birthday gift to Alvin, who was a prisoner of war in Germany for 14 months during the war.

## George Kyles Entertain At Party For Family

Mr. and Mrs. George Kyle entertained at a family party Sunday afternoon at their home on N. Ellsworth ave.

Especially honored were Mr. and Mrs. Keith Kyle and family of Warren who leave soon to make their home in Alabama, and Charles Kyle of Cortland, who celebrated his 85th birthday this week. Keith and Charles Kyle are brother and father, respectively, of George Kyle.

Guests from Hubbard Warren, Youngstown, Cortland and Salem brought gifts for the elder Mr. Kyle and a farewell remembrance was given Mr. and Mrs. Warren Kyle.

Spring flowers decorated the home, and the buffet supper table was attractive with an arrangement of sweetpeas and lilacs. Television was enjoyed.

## Garden Club Gives Seeds To Schools

The Junior Garden Club committee of the Salem Garden Club is distributing 1,640 packets of mixed garden seed and sunflower seed to elementary students in the six Salem public schools and St. Paul's School this week.

Mrs. Raymond Stiver, chairman, Mrs. A. A. Parker and Mrs. F. O. Heston are the committee in charge. The seeds were available for distribution through the cooperation of Floding and Reynard.

Flower seed planting is expected to advance the interest of youngsters in gardening, and the results of their efforts are shown yearly in school flower shows. The sunflowers are used primarily for bird seed.

Also of interest is the school of instruction for young people 7 to 16 years of age at 1 p. m. Friday, June 19, in Centennial Park. Mrs. S. M. Eckert of Youngstown, accredited by the Garden clubs of Ohio, will be the instructor. Registration may be made at the Garden Center in the library.

## Birth Reports

Daughter, to Mr. and Mrs. William Beech of R. D. 5, Salem, today, at Central Clinic.

Son, to Mr. and Mrs. John Morris of R. D. 2, Columbiana, Monday, at City Hospital.

Son, to Lieut. Col. and Mrs. John J. Huffey Jr. of La Paz, Bolivia, South America, Monday, in the Fort Clayton Hospital, Panama Canal Zone. Mrs. Huffey is the former Jeanette Potts, daughter of Mr. and Mrs. Daryl Everett of Brooklyn ave. Lieut. Col. Huffey is the United States Air attaché to Bolivia.

Son, to Mr. and Mrs. George Steffel Jr. of Cleveland Sunday morning. Mr. Steffel is a former Salem resident, son of Mr. and Mrs. George Steffel Sr. of E. Ninth st.

## PRONOUNCED SKI-A-KE

**FAVORITE JAPANESE DISH** among the occupation forces is sukiyaki, which is a zesty combination of paper-thin beef, onions, soy sauce and other vegetables as desired. Many American wives prepare sukiyaki for supper guests in their homes, but for a special night out, occupationaires enjoy sukiyaki parties at approved Japanese establishments. The photos below were taken at Kamachi-en in Tokyo. Kamachi-en is a many-roomed building with glistening floors, sliding doors and wide windows. Observing a Japanese custom, guests check their shoes with their hats and coats. Because of restrictions on Japanese food, each party brings the ingredients, which are prepared by Japanese cooks. Guests sit on cushions on the floor and eat with chopsticks from low, square tables while Geisha girls (professional entertainers in colorful kimonos) serve and entertain with music and dancing.

Beef and vegetables season each other in one big pan. Girls cook as long as the guests eat.

Mastering use of chopsticks are Sgt. Theodore J. Fulnam (left) and Cpl. Timothy P. Curran.

Singing Japanese songs, musicians accompany dancers on shamisen (background) and taiko.

Devoid of expression, Geisha girl dancers move gracefully through Japanese story routine.

# Ohio Schools Present Sport Windup

## Track Contests Feature Card

G. Young Mentioned As Possible Winner

By FRITZ HOWELL  
COLUMBUS, O., May 23—(AP)—Ohio presents its biggest sports carnival this weekend—the star-spangled state high school four-day spring program.

More than 1,000 kids, survivors of some 25,000 who competed in qualifiers, will battle it out in the track-field, golf, baseball and tennis competitions.

They'll have to aim high to set new records in the track-field clash, for five of the 14 Class A state records are also national marks—the best any schoolboy athlete has accomplished anywhere.

But some of the youngsters approached record performances in last weekend's district eliminations, and a fast track may help them to new marks in the Friday-Saturday spree.

East Palestine and Piqua have couple of kids who look like winners, and the most probable record-setters in Class A, rated by their district meet antics.

GLENN YOUNG, the five-foot-11-inch 160-pound Palestine flash, on the district high hurdles in 7 seconds, just a tenth off the state record, and also copped the 100-yard dash in 16.8 and 100-yard dash, while tying for the broad jump at 21 feet 5 inches. Ken Soper of Piqua, who has surpassed 23 feet in the broad jump, ent 22 feet 2 inches to win his specialty in the district clash at Springfield.

A couple of youngsters went the 100-yard dash in 9.9 seconds, good enough to win but far off Jesse Owens' 9.6 national mark set in 1933. The two speedsters were Harold Horne of Cincinnati Central Vocational and Henry Williams of Toledo Libbey.

Probably the most astonishing feat of the district meets, however, was the six-foot four-and-one-eighth-inch high jump manufactured by Peron Dubard of Toledo Libbey, less than a half-inch under the state record which has stood since 1934. Fred Pearl of Dayton Dunbar, who has done 6-2, is his nearest foe.

Mansfield, unbeaten this year in various trials, looms as the team to beat in Class A. The Tigers scored more points than all the other entrants combined in the district meet on their own cinders. Other district team winners included Springfield, Cincinnati Central Vocational, Akron East, Bellaire, Toledo Libbey, Cleveland Central, Cleveland East Tech, Marietta and Columbus Central.

Among the Class B team champs were Eaton, Anderson Twp., Strongsville, Oak Harbor, Vermillion, Waverly and Graceland Lincoln. Cleveland Central is defending Class A champ, with Plainville the Class B king.

OF THE EIGHT baseball finalists, four in Class A and four in Class B, only Cincinnati Withrow in Class A has ever won the championship. The Queen City crew won in 1934 and 1941, and has Youngstown East, Galion and Akron Garfield as its opponents this year. Class B entrants are Chardon, McCutchenville, Middleport and Amelia.

Hamilton Public will be among the favorites to grab the golf crown in the tourney held over until Monday. The Big Blue won its district meet with 300 strokes for the four-man squad. Individual winner could be Jim Mitrione of Hamilton Central Catholic, who blazed a 67 in the district finals.

Amelia, boasting 18-year-old sophomore Kenny Gaskins on the mound, looks like the choice to win the Class B baseball laurels. The six-foot 165-pounder won five games in nine days, three of them shutouts, in the qualifying tourney. In the 36 innings he allowed three runs, all unearned, pitched an eight-inning no-hitter, a one-hitter, two three-hitters and a seven-hitter. In the regional meet he struck out 30 hitters in 15 innings—and for the entire tournament he averaged .570 at the bat.

JONES RECOVERING  
BOSTON, May 23—(UP)—Bob Jones, the one-time golfing wizard with the magic putter, today faced "weeks or months" of uncertainty before learning whether a spinal operation cured him of a paralysis of his right leg.

The time estimate came from officials at New England Baptist Hospital, where the 48-year-old "grand slam" links king of 1930 underwent a delicate five-hour operation Thursday.

Charles A. (Rip) Engle, Penn State's new football coach, competed in football, boxing, basketball during his undergraduate days at Western Maryland College.

PRETTY FAST — Delores Dwyer—17, five foot three, 107 pounds—is an early favorite for the 1952 U. S. Olympic team. Twice National AAU Indoor Women's champion, the New York high school senior also hurdles, broad and high jumps and even puts the shot.

## CIO, Furnace Win In League Play

Rain washed away half of the City League schedule Monday night after one A and one AA game had been played. In the Double A tilt, the Electric Furnace polished off the Sanitary, 16-5, while the CIO topped Terminal Tavern, 6-5, in the A game.

The Furnace took advantage of six Sanitary errors, plus nine of their own hits. They scored heavily in two big innings, getting five runs in the fifth and seven in the sixth. Sarge Ware collected four hits in five trips to pace the winners.

Marsh Sutherin gave the Sanitary only six hits as the Furnace won its first tilt.

CIO and Terminal Tavern went eight innings before the CIO pushed across a run. McGaffie doubled and then scored on an infield out to provide the winning margin.

Henry Dermotta was the winning pitcher, allowing nine hits. Byers and McGaffie of CIO and Bell, Faulkner and DeJane of Terminal, all had two hits.

**OF THE EIGHT** baseball finalists, four in Class A and four in Class B, only Cincinnati Withrow in Class A has ever won the championship. The Queen City crew won in 1934 and 1941, and has Youngstown East, Galion and Akron Garfield as its opponents this year. Class B entrants are Chardon, McCutchenville, Middleport and Amelia.

Hamilton Public will be among the favorites to grab the golf crown in the tourney held over until Monday. The Big Blue won its district meet with 300 strokes for the four-man squad. Individual winner could be Jim Mitrione of Hamilton Central Catholic, who blazed a 67 in the district finals.

Amelia, boasting 18-year-old sophomore Kenny Gaskins on the mound, looks like the choice to win the Class B baseball laurels. The six-foot 165-pounder won five games in nine days, three of them shutouts, in the qualifying tourney. In the 36 innings he allowed three runs, all unearned, pitched an eight-inning no-hitter, a one-hitter, two three-hitters and a seven-hitter. In the regional meet he struck out 30 hitters in 15 innings—and for the entire tournament he averaged .570 at the bat.

JONES RECOVERING  
BOSTON, May 23—(UP)—Bob Jones, the one-time golfing wizard with the magic putter, today faced "weeks or months" of uncertainty before learning whether a spinal operation cured him of a paralysis of his right leg.

The time estimate came from officials at New England Baptist Hospital, where the 48-year-old "grand slam" links king of 1930 underwent a delicate five-hour operation Thursday.

## Reeling Indians To Face Nats

Reflect On Three Drubbings By Yanks

CLEVELAND, May 23—(AP)—Manager Lou Boudreau's Cleveland Indians have a day off today in which to consider the three straight trouncings the New York Yankees just finished handing them.

Until they entertain Washington tomorrow night they can try to figure what happened yesterday and twice Sunday.

The American League leaders beat them 7-2 yesterday — not quite as bad as the 14-5 and 12-4 licks administered Sunday.

At the top of the eighth the Indians were tied at one-to-one yesterday. In that panel Phil Rizzuto walked, Cliff Maples singled and Joe Collins advanced them both on a long fly to Larry Doby.

Joe DiMaggio was purposely walked, but then Yogi Berra hit a hot grounder which glanced off pitcher Mike Garcia's glove to Joe Gordon. The second baseman threw wild to second and Rizzuto and Maples scored as the ball soared over Manager Lou Boudreau's head into left field.

Four more Yankee runs were scored in the ninth. Vic Raschi, Rizzuto and Maples singled, filling the bases. Al Benton relieved Steve Gromek on the mound and walked Joe Collins, forcing in Raschi. Rizzuto came in on DiMaggio's fly to Dale Mitchell. After, Berra flied out to Bob Kennedy, Bobby Brown singled in Mapes. Gene Woodling's single scored Collins.

IT WAS the third straight time a procession of four Tribe pitchers failed to stop New York.

The other New York run was in the sixth when Mitchell dropped Rizzuto's line drive for a two base error. The Yankee shortstop took third as pitcher Mike Garcia threw out Mapes and ran to the plate on DiMaggio's fly to Kennedy.

Doby scored one Cleveland run in the seventh. He doubled as Woodling and Rizzuto collided, reached third on Al Rosen's fly to Mapes, and went home on Gordon's fly to Woodling.

Kennedy tripled in the ninth and scored on Mickey Vernon's fly out.

During the three games the world's champs got 33 runs and 44 hits. The series dropped the Tribe a game and a half behind fourth place Washington and put New York two and a half games ahead of second place Detroit.

**Yesterday's Stars**  
Pitching—Hal Newhouser, Tigers. Scattered eight hits in his second start of the season and pitched the Tigers to a 5-1 victory over the Washington Senators.

Batting—Eddie Malone, White Sox. His pinch hit single in the 10th inning scored Jim Busby with the run that gave the White Sox a 10-9 victory over the Boston Red Sox.

## Bomar, Day Are Low At ABC Tournament

COLUMBUS, O., May 23—(AP)—Some of the nation's top bowlers threw 'em down the alleys of the American Bowling Congress tournament yesterday—but the day ended without a change in the top 10 of the various divisions.

Two of those top keggers—New Day and Buddy Bomar of the Chicago Tavern Pale Stars, have won national match game championships. But they fell short of anything spectacular in singles and doubles.

With the tournament's largest week-day audience on hand to watch, Day opened his singles with a 270 (10 strikes, two spares). Then he lost his touch and ended up with 175 and 200 for 645.

Bomar had 593 in singles. Day and Bomar's doubles score was 1243.

The Pales finished far down the line in team bowling Sunday. Another team member, Harold Kristoff, got 576 in doubles, 631 in singles and 1738 in all-events; Richard Robinson got 500 in doubles (with Kristoff as a partner), 594 in singles and 1672 in all-events.

The Pales marked up 8,692 pins in the all-events, counting total scores in singles, doubles and team rolling—almost 300 pins behind the Detroit E & B, leaders and the team which defeated the Pales for the national match game title last year.

Andy Varipapa, former two-time national match game champion, bowls today in his team event. He rolls with the Brunswick Red Crowns of Cleveland.

In seating capacity and acreage, Belmont Park is the world's largest horse race track.

## Wrestler Keomuka Is Expert At Judo

Duke Keomuka, the 215 pound Japanese - Hawaiian grappler, who is to meet Frank "Toar" Julian in Thursday night's wrestling matches at the Memorial building, is an expert at judo. His wrestling style combines

judo, sumo and catch-as-can, making him a formidable opponent. He recently gave Julian a busy evening in Dayton, the first time the two met. His bare-footed approach and his striking tactics gave him a distinctive threat. He says he is ready to meet "any heavyweight or junior heavyweight in the world, preferably on a winner-take-all basis."

best Julian, but the latter thinks he can win when they meet this week. In the girls' match Julian has contracted for Mae Young of Tulsa, who made a hit here last week, and Nell Stewart, a good lady grappler from Birmingham, Ala. Their match will follow in other featuring Fred Bess of Cleveland and the Black Phantom, a TV favorite. The show will begin at 8:30.

## Leetonia High To Graduate 43 Commencement Set For Wednesday

LEETONIA, May 23 — Commencement exercises for 43 seniors will be held at the high school auditorium at 8 p. m. Wednesday.

Following the processional for which the high school orchestra will play "Pomp and Circumstance" by Elgar, Rev. J. A. King, pastor of the Presbyterian Church, will give the Invocation. The A-Cappella Choir will sing two numbers "You'll Never Walk Alone" by Rodgers and "The Lord's Prayer" by Malotte. Dr. Robert M. Shaw, professor of Education at Kent State University, will deliver the address on the subject, "Commencement Inventory: 1950." W. W. Bailey, principal of high school, will present the Class of 1950 and Charles L. Stelts, president of the Board of Education, will award the diplomas.

Dale Guchemund will play a trumpet solo, "Bride of the Waves," by Clark. Rev. T. P. Laughner, pastor of St. Paul's Lutheran Church, will give the Benediction. The high school orchestra will play for the recessional, "Marche Pontificale," by Gounod.

Members of the graduating class are: James Aiken, Carmela Altomare, Asa Applegate, Audrey Bates, Juanita Bell, Lois Brookshire, Franklin Campbell, Jean Campbell, Evelyn Chapman, Thomas Citino, Mary Jane Clunen, Patty Lou Cook, Keith Cox, George Crothers, Mary Jane Dalrymple, Robert Eyster, Mervin Farmer, Mary Lou Ficus, Robert Gibson, Leroy Grim.

Carol Grindle, Shirley Grindle, Dale Guchemund, Alice Hinnerman, Robert Holt, Ross Justice, Annabelle Laughner, Irene Ludi, Theresa Mercure, Carl Mix, Sue Morris, Helen Morrow, Rita Oliver, Willis Roller, Richard Rose, Lexa Sittler, Donald Stoffer, Richard Strabala, Edward Sullivan, Mary Sunderman, Sara Jane Theil, Thelma Townsend and Louise Zimmerman.

The honor roll, which is composed of the upper third of the class, includes James Aiken, Carmela Altomare, Audrey Bates, Juanita Bell, Franklin Campbell, Patty Cook, Carol Grindle, Shirley Grindle, Robert Holt, Annabelle Laughner, Theresa Mercure, Sue Morris, Richard Rose, Lexa Sittler and Sara Jane Theil. Donald Stoffer is president of the class, Robert Holt, vice president, Audrey Bates, secretary; Lexa Sittler, treasurer, and Miss Florence L. Wilhelm, sponsor. Red and Silver are the class colors; red rose, the class flower; and "Aim to Succeed" the class motto.

**GUNMAN GETS \$7,500**  
PITTSBURGH, May 23 — A gunman robbed a Duquesne Light Company cashier of \$7,500 today on a street in the business section of East Liberty. The cashier, Margaret Kinkadee, was enroute to a bank.

## News Of Our Neighboring Towns

### Columbiana

The 69th annual commencement of Columbiana High School will be held in the high school auditorium at 8 p. m. Thursday when a class of 38 will graduate, 21 girls and 17 boys.

Rev. Paul T. Gerrard of the Lisbon Presbyterian Church will make the commencement address, and Clyde Barrow, president of the Board of Education, will award diplomas.

The annual Detweiler award for outstanding scholarship, citizenship and character to a graduate chosen by the school faculty will be made by Fred Detweiler. Rev. A. A. Anderson of Jerusalem Lutheran Church will offer the invocation and pronounce the benediction.

Music will be provided by the high school orchestra under the direction of M. R. Wheeler, supervisor of instrumental music. Odd Fellow's lodges of the 27th Ohio District will have a district memorial service in Columbiana Sunday afternoon, June 4, to be participated in by lodges of other districts.

Preliminary arrangements were made at a meeting here Sunday evening of representatives of the five lodges of the district, Damascus, Salem, Lisbon, East Palestine and Columbiana. In addition, Alliance and Sebring lodges, formerly of the 27th District, and D. Wallace Rebekah lodge of Leetonia were represented. Other Eastern Ohio lodges are expected to participate.

A parade will leave the lodge quarters on Union st. at 2:30 p. m. and the procession will march to the cemetery where the memorial exercises will be held. The name of the speaker will be announced later. The Columbiana High School Band has been asked to play.

The Friendship Class will meet at the Methodist Church at 8 p. m. Thursday. Hostesses will be Mrs. Clarence Shontz, Mrs. G. G. Patchen, Mrs. Arthur Wisler and Miss Ethel Shontz. Mrs. Mary Griffin will conduct devotions. Pennova Lodge of Odd Fellows of East Liverpool will confer the second degree on a class of candidates for Panora Lodge here tonight.

Degree practice is scheduled for the May meeting of Sunset Temple, Pythian Sisters, Wednesday evening.

Former members will be guests of the King's Daughters' Class of Grace Evangelical and Reformed Church at its annual covered birthday dinner at the church at 6:30 p. m. Thursday.

The entertainment at the Family Night held at the local Methodist Church last Monday evening included the moving picture, "God Is My Landlord," and "An Experiment in Tithing," and a child's film in charge of L. A. Woodal.

Lowell Whinery acted as chairman for the occasion. Group singing was led by Mr. and Mrs. Clyde Bennett.

The Every Member Canvas being conducted in the church was explained by Mrs. Willard Cape. Group 4 of the Women's Society of Christian Service, with Mrs. Russel Whinery as chairman, served refreshments.

The Anna Nixon Missionary Circle met in the Friends Church basement Tuesday evening.

Miss Edith Sell, president, was in charge of the business meeting. Rags were braided for rugs.

Plans were made for a tea to be held June 5, honoring two members graduating from high school, Misses Joan Creighton and Mildred Denkhaus, and Miss Martha Hendershott, who will marry David Miller in June.

Class 7 of the Methodist Sunday School taught by Mrs. John Stewart, made scrap books and presented them to the Salem Central Clinic for child patients.

Mr. and Mrs. Clyde Hendershott and Belinda Jane were Sunday, May 14, dinner guests of her parents, Mr. and Mrs. Bert Phillips of the Salem-Damascus rd.

Sunday, May 14, visitors in the Mrs. Icie Hendershott home were her son and wife, Mr. and Mrs. Lawrence Hendershott of Canton and daughter and husband, Mr. and Mrs. Alfred McGlauchin, and daughter of Salem.

Approximately 150 enjoyed the annual mother-daughter party held at the Winona Methodist Church Friday evening, May 12.

Mrs. H. A. Zealley, the speaker, of Salem said, "A mother needs above everything else a great love for God in order that she may love her own child wisely." She used illustrations for her talk from the Bible story of Hannah and Samuel.

Mrs. J. R. Stamp introduced the speaker.

included organ melodies by Mrs. Clyde Bennett; scripture and meditation, by Mrs. F. W. Fultz; "Mother's Lullaby," with Ruth Rae Mountz, narrator;

Songs, by Mary Arbanitis and Mary Althouse, accompanied by Mrs. Raymond Brandt; two songs, by Mrs. Kenneth McBrian, accompanied by Mrs. Donald Dusenberry;

A pantomime, "Whistler's Mother," portrayed by Mrs. Clarence Votaw, with Lynda Cope, Karen Votaw, Polly Waitman and Kathy Ward, Misses Althouse and Arbanitis providing songs.

Gifts were presented to the oldest mother present, Mrs. Lizzie Whinery, and the youngest mother, Mrs. Ruth Feezel. The program closed with prayer by Mrs. Dusenberry.

The refreshment table included a lace cover and centerpiece arrangement of white snap dragons, pink stock and tall pink candles.

Favors were mint cups fashioned with paper dolls in assorted colors attached to white doilies. Mrs. Arthur Loudon and Mrs. Clarence Alexander poured.

The refreshments and decorations were in charge of Group 3 of the Women's Society, with Mrs. L. F. Johnson and Mrs. Lewis Nieswonger co-chairmen.

### Leetonia

The Willing Workers Class of St. Paul's Lutheran Church was entertained at the church parlors Monday evening, with Mrs. William Floding, Mrs. Alfred Lee, Mrs. Eugene Godelis and Mrs.

Martin Fraundorfer associate hostesses.

Mrs. Jack Holt entertained boys and girls at her home Monday afternoon in honor of the fourth birthday of her son, Dennis. The honor guest received gifts. Mrs. Holt served lunch.

William Bergman of Washington st. was fined \$25 and costs in Mayor Fred W. Galley's court Monday afternoon for disorderly conduct in his home Sunday evening. He was arrested by Policeman Allen Gibson.

### Damascus

Miss Zelda Morckel, daughter of Mr. and Mrs. Howard Morckel of Damascus, who was married to Orel Cook of Columbiana at 7 p. m. Friday in the Damascus Methodist Church by Rev. E. K. Bars, pastor, was honored at a shower Wednesday evening.

Her sister, Miss Charlotte Morckel, arranged the event, and miscellaneous gifts were presented the honoree.

Associate members of the Goshen High School Class of 1948 were present.

Howard Morckel Jr., and Mrs. Donald Gartrell of Carrollton were out-of-town guests. Several

prizes were awarded in traveling bingo.

Mrs. Sylvester Martig entertained 10 members of the Progressive Farm Women's Club Thursday afternoon. The next meeting will be held June 22 with Mrs. Mary Franke and daughter, Hil-da.

The public library of Youngstown and Mahoning County Book Trailer schedule for Damascus at Stanley's store, for the summer is: Wednesday, 2 to 3 p. m., June 1 and 21; July 5 and 19; August 2 and 16.

Mr. and Mrs. G. H. McDonald were recent guests of Mr. and Mrs. Phillip Goist and children of Attica.

Mrs. Edith Blythe, who injured her foot on a barbed wire, is reported recovering.

Mr. and Mrs. Herbert Whitcher and family were recent guests of Mr. and Mrs. Donald Carroll of Akron.

Mrs. Gerald Broomall and daughter have returned home from the Salem Central Clinic.

The Jolly Neighbors Farm Women's club will be entertained Tuesday by Mrs. Joseph Batzli.

Mr. and Mrs. Charles Winn have received word that their

nephew, Victor Huffman, son of Mr. and Mrs. Lambert Huffman of Massillon, who was seriously injured in a car accident recently, is making a satisfactory recovery.

### East Goshen

Mr. and Mrs. Marvin Stearns and son of Snodas, Mr. and Mrs. Frederick Lockhart and daughter of Westville and Mrs. and Mrs. Sherrett of Dover Sunday.

Forrest Lang of Abwater visited Mr. and Mrs. Ralph Lockhart Sunday.

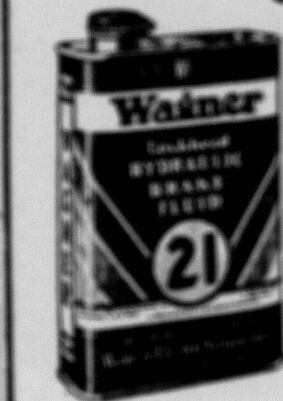

Mr. and Mrs. Jerome Hall of Canfield and Mr. and Mrs. Lavin Fum and family of Akron visited Mr. and Mrs. J. G. Pim Sunday evening.

Mr. and Mrs. Marie Sherrett and family visited Rev. and Mrs. J. H. Palmer of New Philadelphia and Mr. and Mrs. C. E. Sherrett of Dover Sunday.

# Question Is: Who Does It?

New York Wonders  
Who Makes Nice Rain

NEW YORK, May 23—(AP)—Who's making New York City's rain these days—a Harvard professor or old Mother Nature?

They tried to thrash that question out last night for the umpteenth time and got the same old answer—nobody knows.

But it HAS been raining a lot lately, slowly filling the big city's long-parched reservoirs and making the city fathers dance for joy.

Maybe it's just a coincidence, but during most of that time the city's \$100-a-day official rain-maker Dr. Wallace Howell of Harvard, has been attacking the local rain clouds with scientific wizardry from above and below.

But if the city fathers are dancing a lot other folk are plain hopping mad.

Some of them are worried farmers in the watershed area. Some belong to civil groups worrying about possible floods. Others are resort owners whose crowds have turned sour during the long wet spring.

One New Jersey amusement park on the Hudson River paddles has even gone so far as to hire two "anti-rainmakers" at a (reported) salary of \$500 a day to keep Howell's flood away from their door. Their success so far is open to question, but it hasn't hurt the park's publicity any.

Dr. Howell himself was put on the griddle last night at a meeting of the Hudson Valley Division of the American Institute of Electrical Engineers.

The engineers threw the meeting open to farm groups and local mayors.

They all asked the same question.

"I wish I knew the answer," the modest professor told them.

All along, Howell has held to a strict "maybe" on the success of his efforts in seeding the clouds with dry ice from airplanes or silver iodide smoke from the ground.

But he did deny altering the weather as far away as New Jersey and Pennsylvania—which also have had several wet weeks.

He also denied causing any flood risk.

In the early days of wireless—now radio—the short waves were regarded as almost useless. Now they carry numerous services, including television.

**THOUGHT DOOR WAS OPEN.**—Rep. Stephen Young (above) (D-Ohio) has a black eye, with a gloomy expression to match. "You won't believe it," he lamented, "but I walked right into a plate glass door at my hotel. I thought the door was open." In four years since Army service, the congressman says he has averaged one "shiner" annually. "Maybe I'd better get back in the Army where I'm safe," he said.

## Congress May Adjourn Aug. 1

House Sets Goal;  
Senate Some Behind

WASHINGTON, May 23—(INS)—Congressional leaders have set August 1 as their target date for adjournment.

Acting House Majority Leader Priest (D) of Tennessee disclosed today that there is an unofficial understanding that Congress will try to finish its work by the end of July.

No definite date has been set, however, and Rep. Priest said there is no certainty that both the House and Senate will be able to clear their decks in time to adjourn then.

He expressed confidence that the house will be ready to call it quits by August 1 and adjourn so its members can begin their campaigns for reelection. The big question mark is the Senate, only one-third of whose members are up for reelection.

The Senate is behind the House on its legislative program. If its leaders decide to let the final gavel fall by August 1, some major legislation now in the mill may drop by the wayside.

**Lustron Chief Can't Pay His RFC Loans**

COLUMBUS, May 23—(AP)—The Reconstruction Finance Corp. learned yesterday that Carl G. Strandlund, former president of Lustron Prefab Housing Corp., is unable to pay back \$15,500,000 in loans.

Strandlund pledged his personal assets against that amount of the \$37,500,000 the RFC lent the plant to start making porcelain-on-steel houses.

Most of the plant's assets will be auctioned off June 6 to help satisfy a \$36,500,000 judgment held by the RFC.

Strandlund told of his inability to repay the loans he signed for in an answer to RFC foreclosure proceedings. Yesterday was the last day to file the answer in U.S. District Court.

The plant now is being operated by Clyde M. Foraker, court-appointed receiver who fired Strandlund from his \$50,000-a-year job.

**Taft Favors FTC Change, Bricker Doesn't**

WASHINGTON, May 23—(AP)—U. S. Sen. Robert A. Taft (R-Ohio) voted against two Senate movements to disapprove President Truman's plan to reorganize the Federal Trade Commission yesterday.

Both moves were defeated.

U. S. Sen. John W. Bricker (R-Ohio) voted for both moves to disapprove the reorganization plan.

## Questions and Answers

Q—When were Belgium and the Netherlands separated into two independent countries?  
 A—In 1815 the Netherlands and Belgium were united by the Congress of Vienna. This arrangement lasted until 1830 when the Belgians revolted and proclaimed their independence.

Q—Is the word dice singular or plural?  
 A—Plural. The singular is die.

## Water Shortages Due To War

### Cities Failed To Keep Up Facilities

PHILADELPHIA, May 23 — (AP)—The war and politics were blamed today for the nation's widespread water shortages.

Such was the view expressed by several experts attending the American Water Works Association convention which is trying to help American cities get all the pure water they need.

Summing up a widely held opinion midway of the five-day meeting, Harry E. Jordan of New York, Association secretary, put it this way in an interview:

"Actually, as will be explained many times at the convention, there is intrinsically no long range water shortage. The real shortage is in the facilities for bringing water to the people."

"The major cause of this situation was the war," he said. "Water works projects suffered during the war years, because required materials were hard to get or could not be obtained at all. The country's whole effort naturally was directed toward production and uses of material demanded for victory in the field."

"But another factor in our failure to keep water supply abreast the growth of population lies in administrative faults and neglect at local levels. Here we find that administrative officials all too often do not press for the development of water works programs which have been recommended by engineers. Why is that so? Well, no doubt because the pro-

**ALL COLORS TO THE MAST**—An ingenious ship "Europe" flying the flags of all Marshall Plan nations is the central figure in this winning poster in an Intra-European Marshall Plan poster contest sponsored by the Economic Co-operation Administration in Washington. Reijn Dirksen, 25-year-old Dutch artist, won \$1500 first prize for the poster, one of more than 10,000 entered in the contest.

grams aren't considered politically expedient."

"So far as the war-imposed curtailments are concerned," he went on, "we can only work

hard to make up lost ground as fast as possible.

"Last year \$207,000,000 was spent on new construction. It is not enough. We need to increase that figure by another \$100,000,000 a year for the next ten years."

"The urgency of the problem is indicated by the fact that more and more Americans are moving to the cities. This accelerating transition from rural to urban living makes it increasingly necessary for us to put our national water systems in proper order—and that means looking carefully to the future."

### REPORTS BICYCLE THEFT

Nick Buta of 1419 N. Ellsworth ave. reported the theft of his daughter Carol's bicycle from his truck at the rear of the Pershing Grill between 1 a. m. and 8:30 p. m. Sunday, police said.

## Deaths and Funerals

### Mrs. Dell S. Balsley

Mrs. Essie E. Balsley, 74, widow of Dell S. Balsley, died at 12:10 a. m. today at her home, 174 W. Fourth st., following a two-year illness of complications.

A daughter of Elias and Susan Barcus Marker, Mrs. Balsley was born May 2, 1876 at Industry, Pa. She had lived in Salem 40 years, coming here from Rochester, Pa. She was a member of the Cheerful Club.

Surviving are two children, Paul D. Balsley of Salem, and Floris, at home; two grandchildren, and one sister, Mrs. Thomas Krepps of Salem.

Funeral service at 2 p. m. Thursday will be held in the Arbaugh-Pearce funeral home, with Lieut. Hubert S. Knickerbocker officiating. Burial will be made in Hope Cemetery.

Friends may call Wednesday evening in the funeral home.

### Mrs. Clyde C. Dole

Mrs. Anna T. Dole, 64, of 547 E. Second st., wife of Clyde C. Dole, died suddenly at 2 a. m. today in Salem City Hospital where she was admitted Saturday for a heart ailment.

A daughter of Henry and Mary Jane Rhodes Trotter, she was born in Salem and lived here all her life with the exception of 20 years in Cleveland. She was a member of the Presbyterian Church, the Spencer Class, the Book Club and the Sons of Union Veterans Auxiliary.

Surviving are her husband, Clyde C. Dole, whom she married Oct. 26, 1910 and one son, Harry R. of San Francisco, Calif. Funeral arrangements are being completed.

### Voting For SPIC Chick Continues Rapid Pace

Voting for the SPIC Chick is continuing at a rapid pace, with unofficial ballots showing as the leaders: Mary Lou Lutsch, Dorothy Barrickman, Marjorie Lutsch, Florence Maier, Margaret Kupka, Shirley Robusch and June Hoskinson.

Voting deadline for the Operation SPIC queen is tomorrow and all blanks must be postmarked no later than Wednesday night. Votes will be checked to eliminate duplication and minor projects, not legitimate Operation SPIC projects, that evening, James Jackson, committee chairman said today.

The five high girls will be notified Thursday to appear at the Junior Chamber of Commerce meeting the same night. Out-of-town judges at that time will make the final selection.

Jackson said the 47 prizes, all valued at approximately \$10, will be distributed according to the percentage of vote each of the five girls got in the total they received together.

**GROANER DRAWS THE CROWDS** — Swinging along at a jaunty gait, crooner Bing Crosby winks cracks with the gallery in between shots on the Royal and Ancient St. Andrews golf course, St. Andrews, Scotland. Crosby was eliminated in the opening round of the British Amateur Golf Tournament by Scottish amateur hillbilly singer D. K. Wilson. Onlookers blamed his defeat on unfamiliarity with the course.

**DENIES EVERYTHING**—Singer Frank Sinatra tells newspaper men in New York that there is nothing to rumors that Spanish bullfighter Mario Cabre chased him from the side of actress Ava Gardner. Sinatra denied giving the screen star a \$10,000 emerald necklace and said "I'm not sore at anybody."

## Four Cars Damaged In Two Salem Mishaps

Four cars were damaged Monday in a pair of accidents on city streets, police reported.

Vesta Marie Sheets of R. D. 3, Salem, was driving north on S. Union at 9:30 a. m. Monday when her car collided with another driven by Gerald J. Shasteen of 669 S. Union. The two cars, moving in opposite directions, failed to pass between two rows of parked cars. Both drivers said they thought the other was going to stop.

Fenders were damaged on both cars.

An auto operated by Raymond

Greenamyre of R. D. 5, Salem, was struck by one driven by Joan G. Lenigar of Leontonia at the corner of State and Ellsworth at 9:25 p. m. Monday.

Greenamyre had pulled over to the center of Ellsworth, preparatory to making a left turn onto State, when the Lenigar car hit his. Both were damaged.

Joan Lenigar was arrested for having no driver's license and was fined \$20 and costs this morning by Mayor Harry Vincent.

## Rumors Persist That Sec. Snyder May Quit

HOT SPRINGS, Ark., May 23 — (INS) — Reports that Treasury Secretary Snyder will soon resign his post persisted today at the 60th annual convention of the American Bankers Association in Hot Springs.

Delegates hinted that Snyder—who addresses the convention tomorrow—is not in accord with the Administration's financial program and especially opposes a government plan to issue business loans.

## Amboy Blast A War Clinic

### Army Checks To See How Citizens Behaved

SOUTH AMBOY, N. J., May 23 (AP)—This city's explosion disaster has given the Army a chance to study what might happen if America were bombed.

The Department of the Army has sent two scientists here to study after-effects of the munitions blast which shook South Amboy Friday, killing 31, injuring more than 300, and ruining the waterfront.

The American continent escaped bombing in both world wars, and Army men have only the experience of foreign countries to go on when guessing how bombs might affect American cities. But now South Amboy has become a laboratory that may throw some light on how America might behave in a surprise bombing raid.

Dr. Leonard Logan, a sociologist, and Dr. J. B. Green, a physicist, said their report for the Army will discuss the physical, economic, and social impacts of the disaster.

Meanwhile there is still no official explanation of what caused 600 tons of munitions, destined for Pakistan, to blow up at the docks. Witnesses at a Coast Guard hearing in New York limited themselves to guesses.

## Princess Faika On Way To See King

SAN FRANCISCO, May 23 — (AP)—An Egyptian princess and her commoner husband, summoned to Cairo by King Farouk, start their homeward journey today while another Princess and commoner plan a marriage which Farouk opposes.

Princess Faika, sister of the King, and her bridegroom, Fouad Sadek, planned an afternoon plane departure, confident their wedding would be given Farouk's blessing—and the bridegroom a new diplomatic office—when they reach Egypt. Both are Muslims.

But there appeared no such hope for Riad Ghali, 31, a Coptic Christian, as he and Princess Faithia, 19, youngest sister of Farouk, planned a Muslim ceremony at the royal suite in the Fairmont Hotel on Nob Hill.

Ghali said that ceremony is not planned for today nor would he be pinned down as to just when.

## Continuation Denied In Pottery Hearing

LEESON, May 23—Trial dates were set for May 29 in two civil actions against heads of the National Brotherhood of Operative Potters, when motions for continuance were denied in the case of E. C. Armstrong, et al, vs. James Duffy, et al, and the case of George Crummen, et al, vs. James Duffy, et al, at a hearing before Common Pleas Judge Joel H. Sharp Monday afternoon.

The continuation was asked by Attorney Louis Tobin, representing plaintiffs in the actions, until the question of salaries of the N.B.O.P. heads can be ruled upon by the higher court. A visiting court of appeals which heard the appeal early in April reversed common pleas court in an opinion handed down last Friday finding in favor of the N.B.O.P. officials.

In the two latter petitions it is alleged the plaintiffs were fined and penalized by the N.B.O.P. convention for their efforts in the previous actions.

A visiting court of appeals which heard the appeal early in April reversed common pleas court in an opinion handed down last Friday finding in favor of the N.B.O.P. officials.

In the two latter petitions it is alleged the plaintiffs were fined and penalized by the N.B.O.P. convention for their efforts in the previous actions.

**House Votes Extra Funds For Operation**

WASHINGTON, May 23 — (UP)—The House has passed a bill providing some \$25,000,000 in extra funds to run the government to June 30.

The action yesterday was by voice vote. Among other things, the measure would provide \$10,000,000 for economic aid to Korea to supplement earlier appropriations under a \$120,000,000 aid program.

The action yesterday was by voice vote. Among other things, the measure would provide \$10,000,000 for economic aid to Korea to supplement earlier appropriations under a \$120,000,000 aid program.

# Home Appliances Take Drudgery Out Of Housewives' Chores

## Kitchens And Wash Tubs

### Mullins Gives Salem Vital Link In Appliance Industry

SALEM has a keen interest in the progress of the home appliance industry, because it has a very direct economic stake in the business.

Mullins Manufacturing Corporation, the largest employer in the city, not only manufactures nationally known and advertised Youngstown Kitchens, but supplies nearly 60 per cent of all the porcelain enamel washing machine tubs used by the makers of that important appliance. And with the company's recent announcement that Youngstown's new automatic dishwashers will be made in the main plant here, Salem is well on its way toward becoming an even more important appliance producing center.

Executive offices of the firm, which has been a part of Salem for 78 years, are located here, as are two of its three plants. The other plant is at nearby Warren.

At the smaller of the two Salem plants, Mullins people are busy producing steel wall cabinets, broom and linen cabinets and other accessory cabinets for the Youngstown line and have helped the company become "the world's largest manufacturers of steel kitchens." These products are sold nationally and in Cuba and Hawaii through 64 distributor firms and nearly 12,000 retail dealers.

WITH THE addition of the Youngstown dishwashers, which Mullins officials believe will become increasingly popular and important as a home appliance, Mullins is adding a second mechanical appliance to its line. It has sold electric home garbage disposers for the past two years. While Mullins has become best known to the public because of Youngstown Kitchens, the company has enjoyed an enviable reputation among home appliance manufacturers for years. In 1926 the company made the first drawn, one-piece steel washing machine tub. Because the new steel tub was practical and much cheaper than previously used types, Mullins was in a large part responsible for the growth of the washing machine industry.

Today, more porcelain enameled washing machine tubs are made in the main plant at Salem than in any other plant in the world. Among the company's customers are such big names as

## Modern Method Of Dishwashing

(1) Scrape waste down the drain opening as you stack dishes. The electric food waste disposer makes kitchen waste vanish like this: Turn on cold water, flip the disposer switch, and—presto—waste is shredded, goes down the drain.

(2) A half turn speedily closes drain opening. Cabinet sink bowl replaces dishpan. Swinging mixing faucet fills curved bowl that prevents splashing. Back-splash keeps wall clean and dry.

(3) Transfer washed dishes to rubber covered wire rack in second bowl. Rinse in hot water with trigger-operated flexible rinse spray. (All parts of porcelain enamel sink top can be reached with spray.)

(4) Polish dishes or let drain dry. Waste disposer speedily shreds away residue from dishwashing. Rinse bowls with handy spray and your job is done. It's that easy with a cabinet sink-disposer combination.

Easy, Maytag, ABC, Apex, Westinghouse, General Electric, Frigidaire, Conlon, and Beatty Bros. of Canada.

In addition to tubs for conventional wringer-type washers, Mullins turns out special tubs for automatic washers and dishwashers.

To be a successful housekeeper, the modern housewife is obliged to be somewhat more of an electric wizard than Thomas Alva Edison was at the time he invented the electric light.

Modern households can be so packed with new electrical and other gadgets that a woman is expected to know more about mechanical maintenance than any man needs to know about his automobile.

A man can usually pull in at the nearest service station when something goes haywire under the hood of his car.

But a housewife is alone and on her own with a veritable Frankenstein monster, which inventors have jokingly nicknamed the "labor saving" house.

It may save physical labor, all right, but when it comes to mental labor—ask your wife.

Matching her wits against the best brains among advertising men as salesmen, she is expected to be able to accommodate on a breakfast table more gleaming chromium and glass equipment than any ordinary table was intended for.

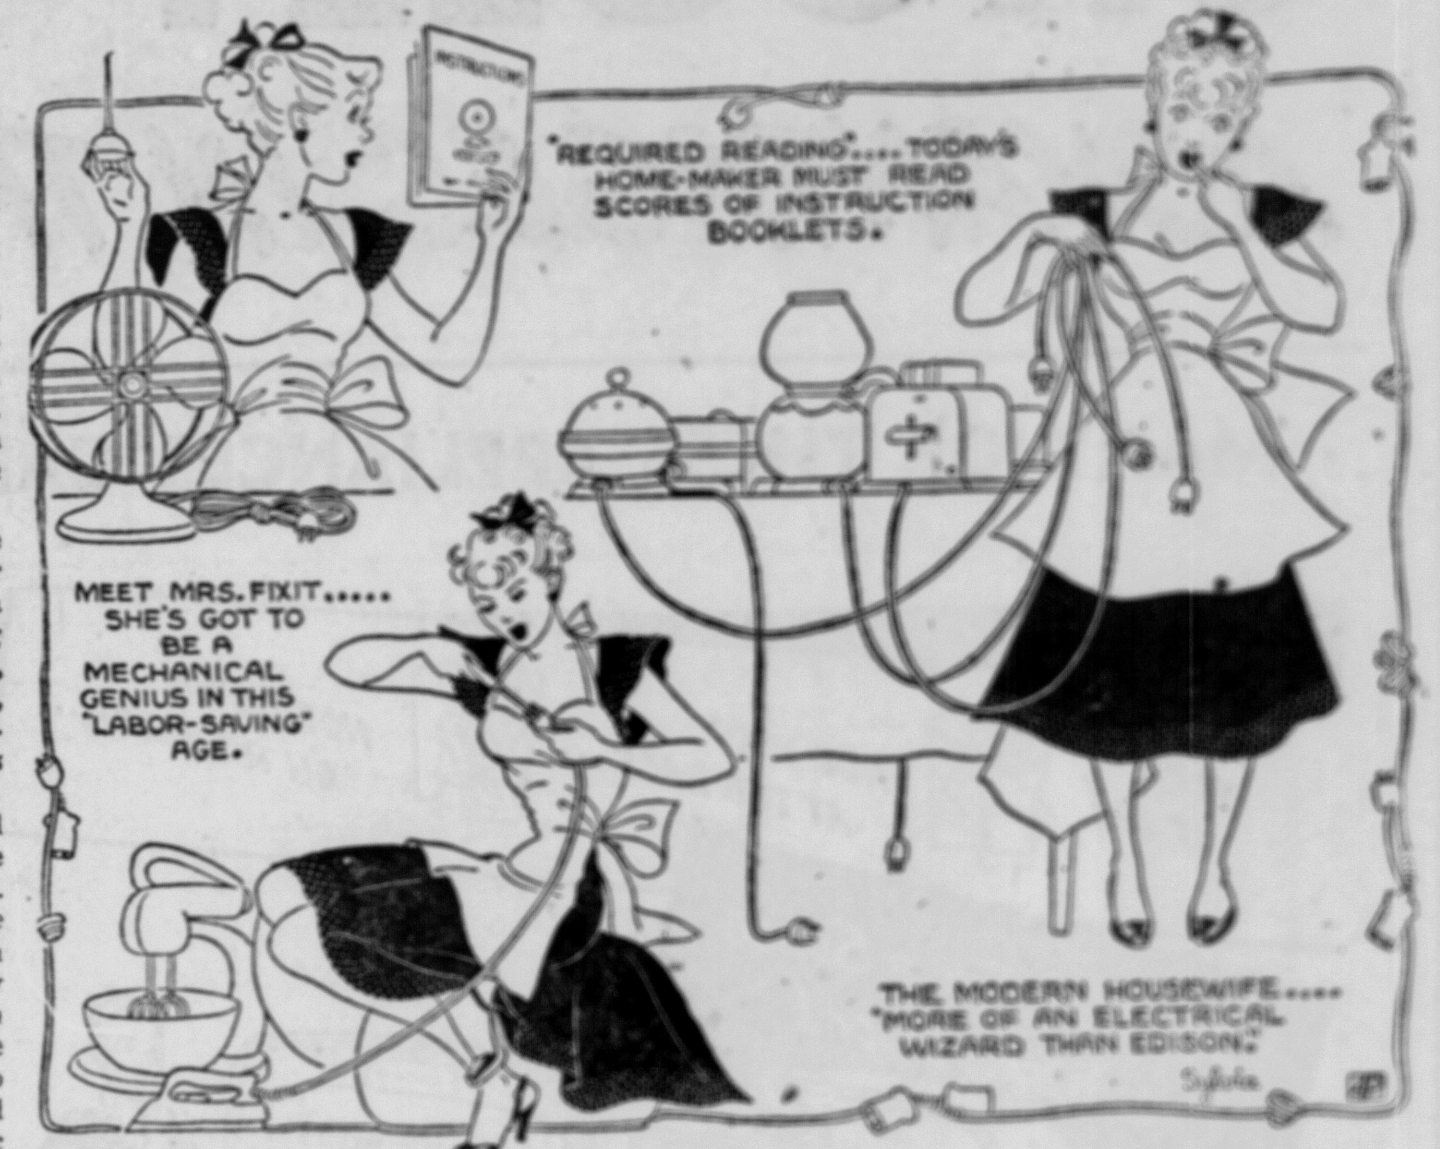

There could be, for instance, an automatic electric coffee maker, an automatic toaster on a tray with conserves, an electric egg cooker, a bacon grill, an electric fruit juicer, a waffle iron with tray for batter, an electric biscuit warmer, a radio, a table lamp, and in season, an electric fan—and if there still is room for a husband and some children—perhaps an electric cigarette lighter and electric clock would be handy.

From this miniature breakfast factory, which today's bride knows how to run and keep in working order, she moves into a larger plant—something her grandmother never would have recognized as a kitchen.

Table scraps are dumped right into the sink to be washed down into an electric garbage disposer. All dishes go into an automatic dishwasher, where they'll be soaped, rinsed and dried till they glisten. The butter goes back into a special butter-conditioning compartment in the refrigerator, where a temperature control keeps it from getting too hard to spread.

The food freezer is checked to see if there will be anything to order when the butcher calls on the kitchen phone. There are chops and steaks galore—and

## Gal In The Kitchen Must Know Recipes And Be A Mechanic

ple, may be guaranteed for five years without service. (The writer has a mechanical refrigerator that has been running steadily for 13 years without service of any kind.)

Most home cooling fans, however, call for regular motor oil at the end of a year—and re-oiling for each 1,000 hours of use thereafter. But over-oiling can be as bad as under-oiling, and the use of thin household oils can ruin a motor. Automobile crankcase oil is the best.

Simple as such maintenance may sound, though, there is plenty for the housewife to know. If all the instruction booklets that come with each item of equipment were bound in one cover, they'd form a book as fat as a heavy novel.

And the girls take these booklets seriously, too. After all, any piece of modern equipment costs a pretty penny and it's worth tak-

ing care of. The booklets about the kitchen gadgets make it all very interesting with recipes and you have to know how to adjust a set-screw in order to make these delicacies.

Even the vacuum cleaner books are packed with helpful hints, such as how to use the contrap-

tion to de-moth a closet, dry your hair, or transform the thing into a paint sprayer. Before you can get the bill paid the wife knows how to replace the brushes, change the pilot light, and use the attachments to clean picture moldings and glass curtains.

## Keep Book Of Ideas For Your Home

By E. H. GUNDER  
Associated Press Writer

My neighbor to the north feels that his home is a place where he can gather about him his choice possessions, things that he loves, admires or for which he has sentimental attachment. Of these he has abundance but little knowledge on how to display them pleasingly.

My neighbor to the south has the ultra final word on how the modern home should look. Highly paid experts have seen that not one color disturbs another. They selected his pictures and a few choice expensive gim-cracks and placed them exactly as they should be placed, and there they remain.

The fact that neighbor south put not one bit of himself into it bothers him not in the least.

I prefer the sentiment of my neighbor north. I enjoy the friendly atmosphere of his living room in which every piece reflects his fondness although I sometimes wish it did not resemble so much a museum of bric-a-brac.

Not many of us have had the opportunity to study the art of interior decoration and only a fortunate few seem to have a natural born color sense and an instinct for arrangement. Nor can we all afford to hire the talent to do it for us. But we can observe or learn by rule or even copy.

Most of us want to make our homes attractive in the present day accepted styles and please not only our personal tastes but those of our friends as well.

The makers of paints, furniture, linoleum, etc., spend millions of dollars for the services of top notch decorators and artists to display their wares to best advantage in full color ads. We look, admire and mentally file away for future use some color scheme that attracts us.

Instead of trusting memory why not start a scrap book? It could be classified by rooms. One section might be devoted to color combinations only, and another to ideas for grouping pictures and furniture or how to modernize and make useful that monstrosity stored away in the attic.

It will become a game. You'll find yourself searching for clippings from home to dentists waiting rooms and observing details that you normally would have passed over. In a short time this will grow into a valuable reference book. Your knowledge of what makes a home attractive will have grown with it.

Motion picture films in color were first shown in New York in 1922.

## Give Range Daily Attention

Haphazard cleaning of your stove makes the cleaning job difficult when you finally get around to it. And in the meantime you rob yourself of the highest cooking efficiency. With a little daily attention, it's no chore at all to keep your range clean.

For preventive care of enameled finish, avoid overheating, spillovers, splatterings, sudden changes in temperature, scratching, sharp blows, alkalis, acids. When cooking in pans that are larger than the heating units, make sure the units are higher than the porcelain surface; otherwise the heat will craze the surface.

After every meal wait until the range is cool, then wipe off with a cloth wrung out of soapy water; rinse with clear water and dry. Soak stubborn spots with soapy water. If acids are spilled remove immediately with paper or dry cloth.

Always lower heats after cooking is started and cover skillets whenever possible to prevent splattering on the cooking units. After units have cooled, wipe them off with a damp cloth. Remove stubborn spots with fine steel wool and cleanser.

Range thrift cookers and pressure cookers, should be washed after every use. Do not store food in these cookers and do not leave pressure lid sealed when not using.

Wash tray regularly with hot soap and water to prevent overflow and odor from spilled foods. Rinse, dry and replace, being sure tray is level.

Clean your oven after each use to prevent spills and grease from baking into enamel. First let oven cool; then remove the shelves and heating units. Wash in warm soapy water. Remove stubborn spots with fine steel wool and mild cleanser.

## Chrome Dinette Sets In Modern Stylings

Designers of chrome plated dinette furniture are branching out with new ideas. They no longer seem to be content with the pseudo Duncan Phyfe table base. They are forsaking that early American furniture designer for a straighter, more modern concept.

In many of the new sets, square tubing is used instead of round. One line is offering for the first time a serving cart with shelves of glass, frame of chrome, and casters on the legs.

To store a just-laundried blanket, fold it lengthwise in thirds. Wrap it in clean heavy paper and seal the edges to keep out moths. Place in a clean, dry closet; avoiding piling anything atop the package.

## Why to Own, Why to Use Automatic Clothes Dryer

Almost everyone who doesn't already own one hopes that some day she will have an automatic clothes dryer. So whether a person is already planning on making the purchase or still dreaming about it for the distant future, it is beneficial to know what a dryer can do for her, since it is an important purchase.

First find a reliable dealer handling dryers. He will probably show you two basic types.

The first is a tumbler dryer, either gas or electric. It consists of a cabinet approximately 30 by 25 inches, with a flat top for extra work surface. Clothes are tumbled in a revolving perforated metal basket through which warm air is blown. It usually holds about nine pounds of dry clothes, the load of the average washer.

Whether you should buy a gas or an electric dryer depends upon whether your other appliances are gas or electric, authorities say. If you have an electric stove and hot water heater, then it's probably easier and less expensive to install an electric dryer. If your stove and water heater are gas, then wiring costs for an electric dryer will be higher.

The second basic type of dryer is the radiant heat type. This is a cabinet, counter high, with glass heating tubes. Clothes hang on racks. This type is less costly and can be plugged into a regular outlet, thus eliminating expensive installation costs.

A dryer damp-dries clothes in 15 to 30 minutes, completely dries them in 30 to 60 minutes. Temperature can be regulated to low, medium or high; drying time can

be set for different fabrics (silks, woolsens).

Before buying a dryer, decide where you're going to put it. Next to the washer, or as near as possible, is best for time and labor saving.

There is little chance of accidents. If inquiring little hands open the door while clothes are in the works, the entire operation stops automatically.

After you have installed a dryer or if you already have one, there are a few worthwhile tips to remember. Sort clothes according to fabric and weight, long drying items like bath towels and mats in one load, rays and silks in another.

Don't overload the machine. It is not only bad for the dryer itself but clothes will mat and wrinkle, making ironing more difficult.

Cotton jerseys, corduroys, seersuckers, if dried completely, come out fluffy, wrinkle free and ready for folding, storing or wearing.

Sheets, pillowcases and kitchen towels should be taken out before they are "bone dry." Smooth, fold and stack them on dryer—their weight will press them and save ironing.

Blankets can be washed with a minimum of shrinkage if put in immediately after a load of wash has been dried. The dryer should be warm when blankets are started.

Starched clothes dry evenly and quickly, but it will be necessary to use a slightly heavier starch solution if they go into a dryer. Tumbling tends to shake out some of the stiffness.

An electric fan placed near an open window cools air and reduces humidity while the dryer is running. If you have the space, put your dryer in a well ventilated room with a cross draft.

## KEEP COOL WITH BLOWERS

Manufacturers of large air changing electric fans say an insulated house can retain the coolness of night air throughout the heat of a following day and keep a house as much as 15 degrees cooler than outdoor air.

## SHINY CHROMIUM

Do you know that chromium will stay shiny and smooth if washed with hot water and soap, rinsed, and polished with a dry, soft cloth?

STARS 'N STRIPES—Lovely Joan and Mary Hull do things for zebra stripes that the zebras could never do. They wear them in two pieces on the sands at Daytona Beach, Fla.

FRANK CAREY—Just received the \$1,000, 1948 Westinghouse award for science writing. Carey is shown with Dr. B. D. Van Evera, at left, at George Washington U., Washington, D. C.

HOWARD W. BLAKESLEE—Dean of Associated Press science writers. Talks here with Gen. Groves about the atom bomb. Blakeslee has a Pulitzer Prize and numerous other citations.

## DON'T LET SCIENCE BAFFLE YOU!

READ the vivid, yet clear stories on science in this newspaper. Associated Press science writers are experts. Many have won prizes and honors. Latest winner is Frank Carey.

You'll like these easy-to-read and easy-to-understand stories by the nation's top science writers.

ALTON BLAKESLEE—seen here on Byrd Antarctic expedition, writes the popular weekly column "March of Science." Like his father, Howard, he covers science news all over the country.

RENNIE TAYLOR—AP West Coast science writer. With Dr. Robert C. Miller (right), Taylor inspects model of protractor for planetarium to be built in Golden Gate Park, San Francisco, California.

**MANY OF THESE APPLIANCES CAN BE YOURS FOR PAYMENTS AS LOW AS 25c A DAY!**

**PHONE 3104**

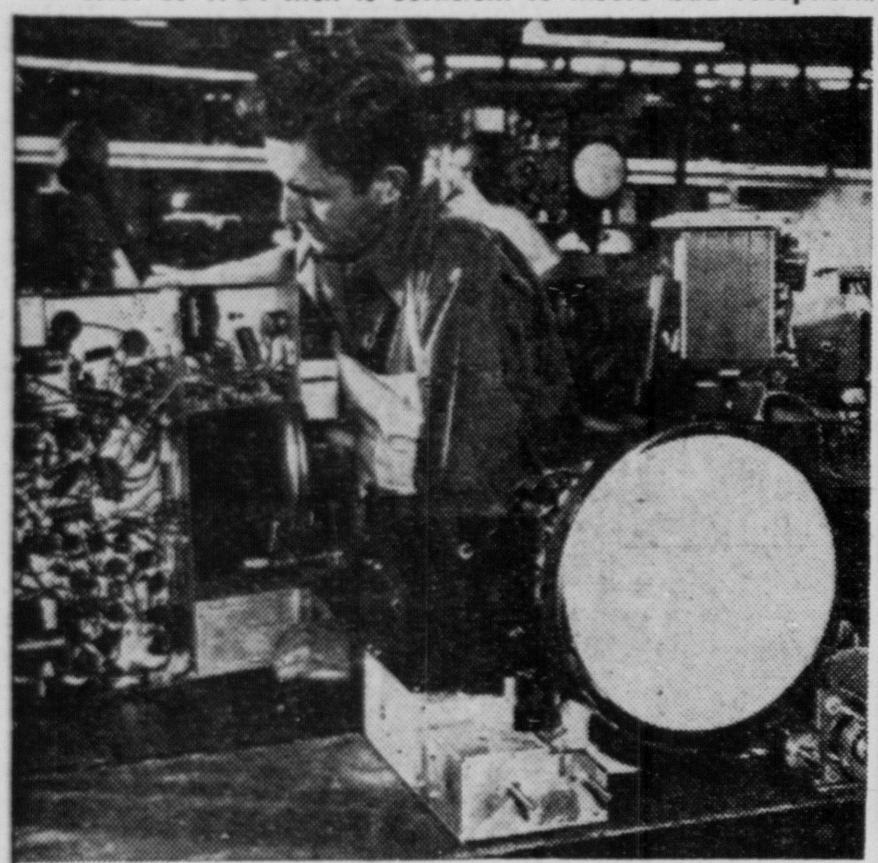

# INSIDE VIEW

FROM 178,000 sets in 1947 to an estimated 4,000,000 in 1950—that's the production record of television, which has jumped to one of the top 10 consumer industries in the United States. Under painstaking research for many years, TV was speeded to fruition by wartime advances in electronics. The 1,100 parts and 500 soldered joints of the average television set are put together and tested in plants similar to the RCA Victor production line at Marion, Ind.

Worker adjusts tuner, one of TV set's most delicate parts. An error of 1/64 inch is sufficient to insure bad reception.

Being checked for "noise," indicating loose connections, television set is tapped with rubber hammer. But not too hard!

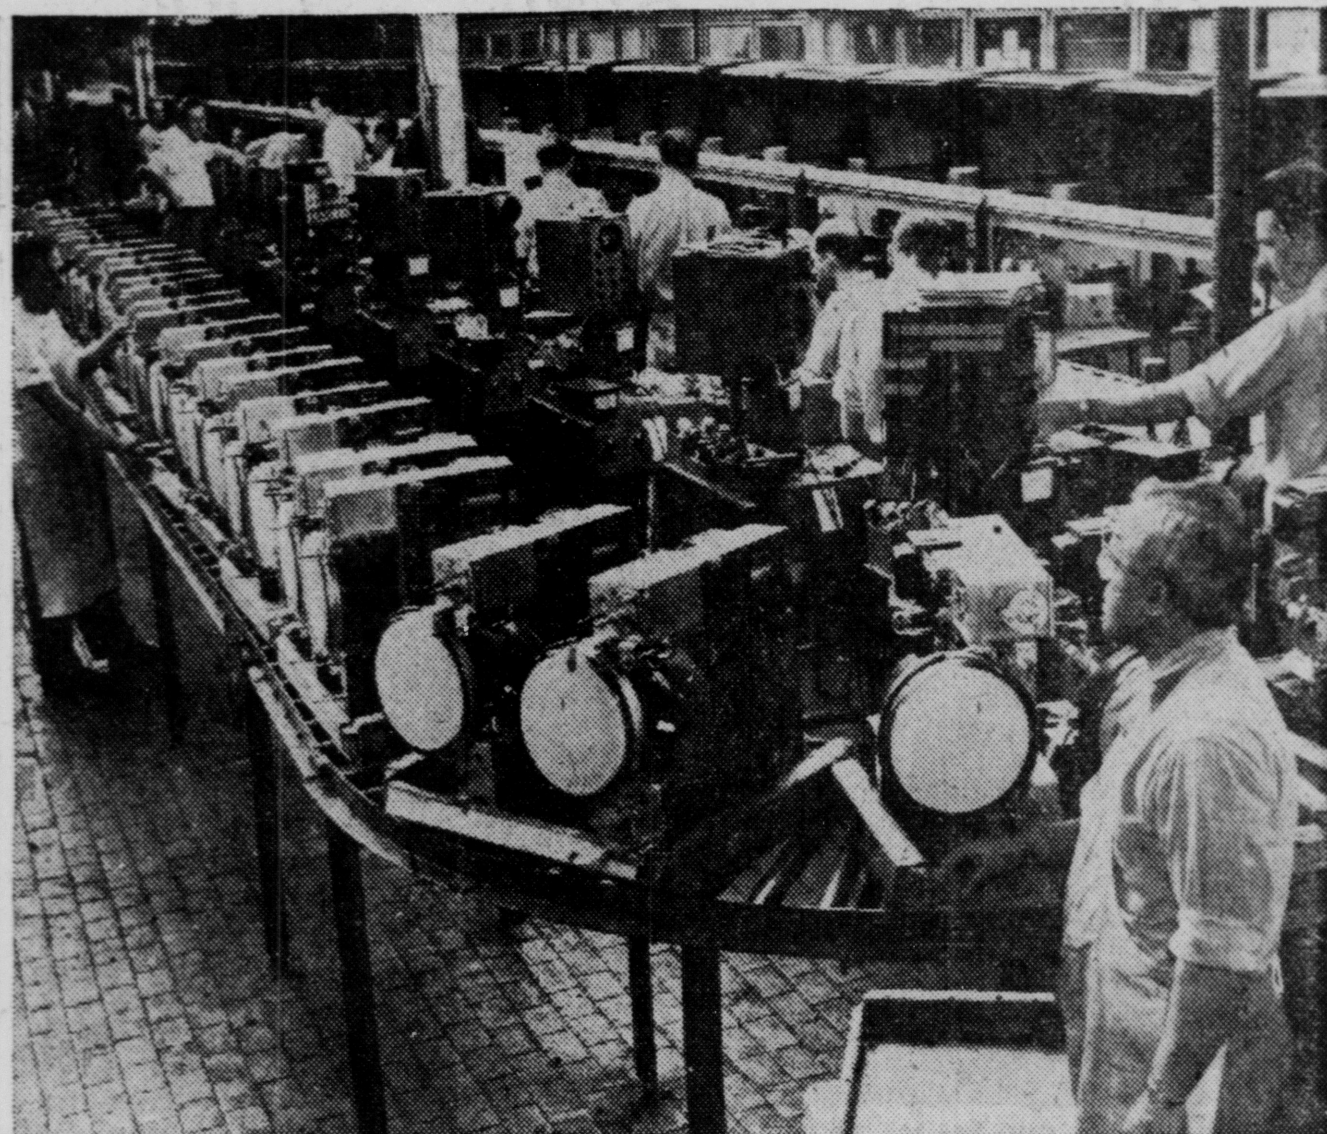

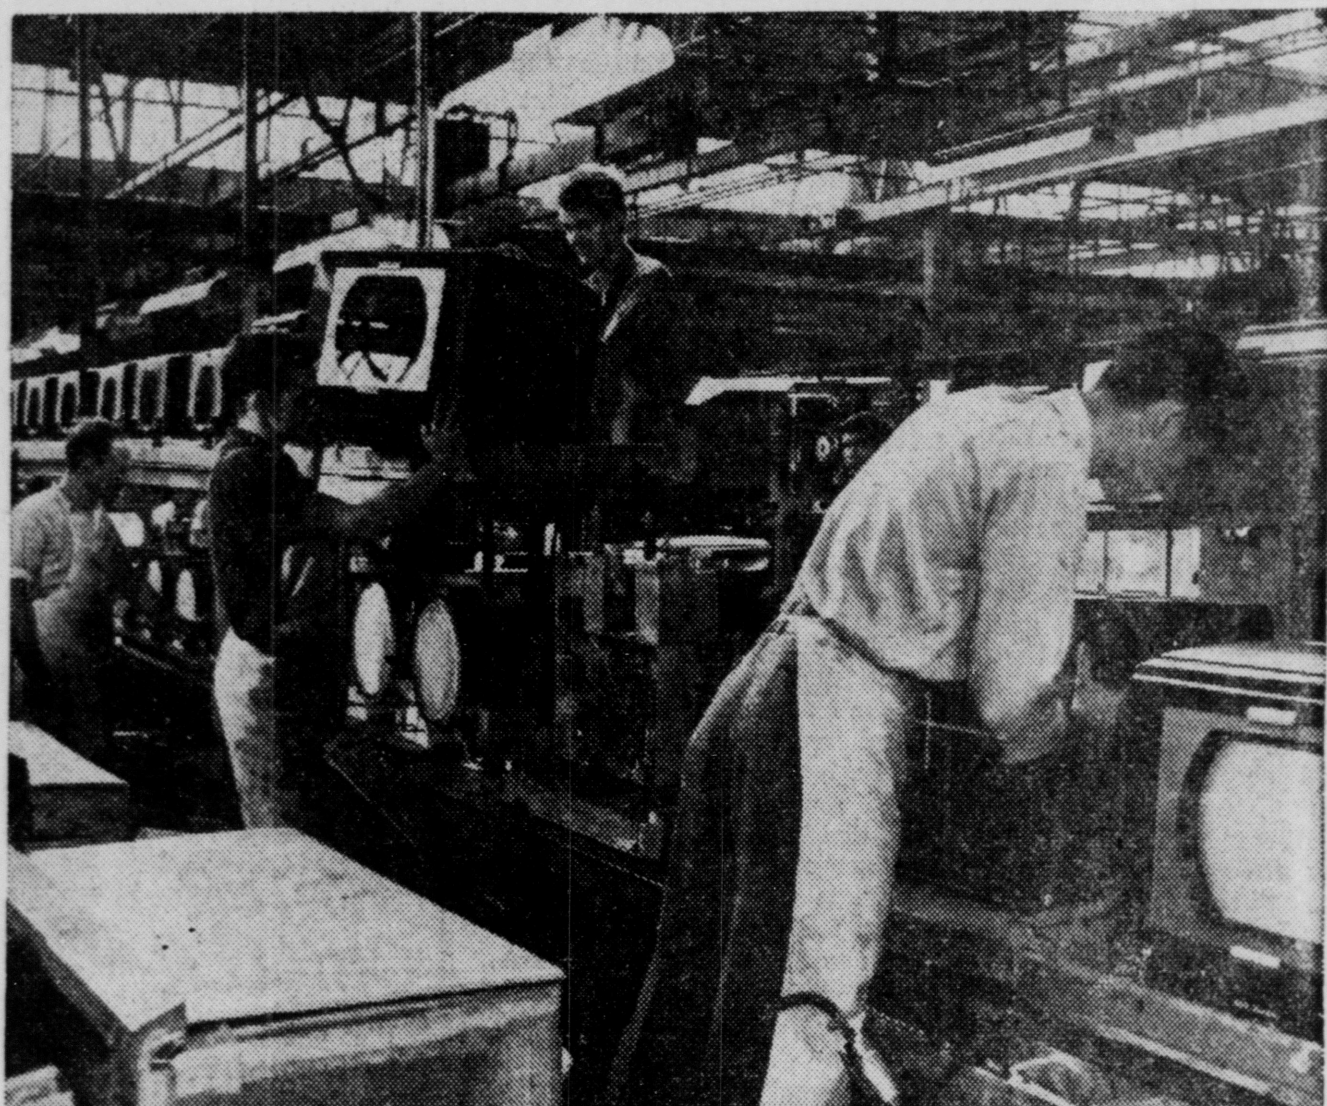

Table model 10-inch chassis are checked on inspection line before going into final assembly.

As production lines meet, workers fit cabinets over chassis and clean tubes and glass fronts.

**HASTE MAKES WASTE**  
One thing to remember in furnishing a home is that you do not have to do it over night. It is better to buy a few essential pieces for your bedroom, and leave the living room bare than to buy "for

the meantime." Make up your mind to live for the rest of your life with any piece of furniture you purchase. Perhaps you will not. But if you have to, it will make it all the easier if you select it wisely.

Adhesive tape, much in use during spring clean-up and cut up sessions, can be easily removed from clothing (washable and non-washable) by sponging with carbon tetrachloride.

## Refrigerators Extremes In Sizes

Probably no two refrigerators, introduced at the same time by the same manufacturer, have ever shown such extremes in cabinet size as the two latest additions to the International Harvester 1950 line put on display this week.

Designed to answer the problems of both the smallest kitchen and the largest family, they put 1/3 to 1/2 more storage capacity into cabinets requiring the absolute minimum in floor space. Displayed side by side at Maytag Morrow Co., S. Broadway they are a dramatic demonstration of the convenience and new economy made possible by modern design and material.

Model U-76, the smaller of these two International Harvester refrigerators, puts "full family" capacity of 7.6 cubic foot into a cabinet only 54 1/2 inches high, requiring floor space of only 25 by 29 inches. Almost its entire interior is utilized for storage, and includes frozen food storage, huge fresh meat drawer, oversize bottle storage for 12 quarts and almost 13 square feet of shelves all in a cabinet that is actually smaller than old-style refrigerators of half its capacity.

Introducing the Pantry-Dor, the Model H-92 International Harvester refrigerator offers extra-large 9.2 cubic foot capacity, and incorporates four special shelves on the inside of the door, each carefully designed to fit eggs, dairy products, and a score of small jars, bottles and packages. Adding 8 more feet of "front row" shelf space, the Pantry-Dor puts almost 40 more food items conveniently in sight. It's oversize too, in its full width 50 lb. freezer for frozen foods, 22 lb. capacity fresh meat drawer, 18 quart twin crispers and over 18 square feet of stainless steel shelves.

## Button, Button—They Got Most Of Them

MANILA, May 23—(AP)—Three armed men held up a warehouse last night.

Their loot: 576,000 buttons—probably the biggest button robbery in the history of the world.

**15 CHILDREN DROWN**  
VENICE, Italy, May 23 — (AP)—A children's church procession ended in drowning for 15 youngsters yesterday when a rickety footbridge over a canal collapsed.

Before being brought into disrepute by the Haymarket riot in 1886, the Knights of Labor, set up to organize all workers, had grown from virtually nothing to a membership of almost a million in about six years, according to the Encyclopedia Britannica.

**20,000,000 OWN HOMES**  
Twenty million families, not including farm families, now own home in the United States. Total value of these dwellings is more than \$180,000,000,000. The average home is worth about \$9,100.

## Tobin Feels Taft Will Win Re-Election

WASHINGTON, May 23 — (AP)—Labor Leader Dan Tobin said today his present opinion is that Republican Senator Taft will be re-elected from Ohio.

Tobin, president of the AFL's Teamsters Union and a powerful figure in the Democratic party for years, is one of those working to defeat Taft. He wrote his views in his union's monthly magazine, the Teamster.

"At this moment," Tobin said, "it is my personal opinion that Taft will be re-elected in Ohio to the United States Senate."

"Taft has made one of the most careful and strenuous campaigns that I have ever known a Senator to make in this country of ours. On the other hand the opposition ticket has no unity."

Joseph Ferguson, Ohio State

auditor, won the Democratic nomination and is Taft's opponent in the November general election.

## Clare Booth Luce Praises Mrs. FDR

NEW YORK, May 23—(AP)—Mrs. Franklin D. Roosevelt drew a spirited tribute last night from Clara Booth Luce, the former Connecticut Republican congresswoman.

"Mrs. Roosevelt has done more good deeds on a bigger scale, for a longer time, than any other woman who ever appeared on our public scene," Mrs. Luce declared. "No woman has ever so comforted the distressed — or distressed the comfortable."

The two women appeared at a banquet where Mrs. Roosevelt received a gold medal for meritorious service to the underprivileged. The award was from the Williamsburg Settlement of Brooklyn.

## Ending Rent Controls Risky, Woods Says

COLUMBUS, May 23—(AP)—Tighe E. Woods, Federal Housing Administrator said during a radio program yesterday that decontrolling rents now could unbalance the nation's economy.

The question of whether rents should be decontrolled was discussed by Woods and Rep. Albert M. Cole (R-Kan.) on Columbus' "Town Meeting of The Air."

"To decontrol them (rents) at once would bring a sudden shock that would unbalance our entire economic system," Woods said.

Cole pointed out that in the last year rents have been decontrolled in more than 800 localities "proving the absence of any nation-wide emergency."

The first radio network, NBC, was opened in November, 1924, followed in September the next year by CBS.

## Colors In Home Should Be Pleasing And Stimulating

Selecting colors for your home is an exciting adventure. Color should be likeable, you should use the colors you like. Color should be livable, easy and comfortable for you to live with. Color has the power to please or to irritate, to stimulate or to depress, to charm or to shock.

The color scheme for a room may be inspired by pleasing colors in a painting, or in a vase, a rug, a piece of fabric, or a print. Overall harmony is the main goal for any room.

Any well decorated home should have not only a carefully planned color scheme, but a studied plan of color progression, so that as you move from room to room, annoyance from changing colors is avoided. As you enter the front door you find a pleasing color. The living room should be friendly and relaxing. One or two of the living room colors should be repeated in the dining room, to make the passage from one room to another an easy one throughout the entire home.

Color can make a difference in a room. It can change the size of a room. If a room is square, you can eliminate the "box-like" feeling by painting the end walls in light cool, receding color. On the other hand long narrow rooms can be made to seem more compact by painting an end wall a warmer or a darker color. Large rooms may be divided by color—this is desirable in living-dining room combinations. One wall may be done in a cool color and the other in a warm color.

Color can stimulate conversations and appetites. Remember this when selecting color for a dining room whether it be formal or informal, a section of the kitchen or an alcove off the living room. Soon colors appear "good enough to eat."

Make your kitchen inspiring. Paint away dark and gloomy walls with gay colors. Color makes light of kitchen chores and brightens the time spent in it. Mix color with white—make your kitchen one of the pleasantest rooms in your home. The right type of paint finish is important in the kitchen. You'll want surfaces that are hard and smooth, and easy to keep clean. Woodwork, cabinets and furniture all cry out for color.

In your bedroom, you can express your own taste freely. This is a personal room and it should reflect your own color preferences. The wood of your furniture may help you select your color scheme. Pastel and warm colors are used depending on individual tastes. Guests rooms, since they are occupied for a shorter period of time, may be furnished in a gay mood than the master bedroom. Comfort and cheer play an important part in making your guests happy. Remember that bedrooms are night rooms used largely in artificial light. Colors selected in bright sunlight look different at night—so bear this in mind when selecting the colors you like.

Decorate a child's room to carry

out the child's preferences even though it may vary with your own. Young children have primitive tastes in color and as they grow older they will turn more conservative. Girls want "pretty" rooms. Boys want sturdy furniture and deep colors which they consider masculine.

Color can add luxury to your bathroom. Whether the bathroom be small or large, select good color to show it off to best advantage, still keeping in mind your main color scheme.

The outside of homes also adds opportunity to use paint. Fit your home to your community. Community-wise color use is becoming an important study. Individuality need not be lost, because houses painted white on light pastels can be varied with well-colored roofs, shutters, doors, and trim.

Avoid monotony both inside and out. Have your homes livable and likeable—in color.

DIAMOND COUNCIL of America poses actress Carol Channing as "Diamond Queen," wearing more than a million dollars worth of diamonds in New York, by way of encouraging you, too, to wear the sparklers.

## Program Given For Student Spring Concert

The high school choruses are putting the final touches on 14 selections for the annual spring concert to be held at 8:15 p. m. Friday in the school auditorium. A full production number and three solos also will be featured in the four-part program.

"God of Our Fathers," arranged by Gearhart, will be sung by the Robed Choir and the Beginning Chorus. Swelling the selection to production proportions will be the instrumental background provided by trumpeters William Schuller, Robert Dunn and Everett Crawford, with Eva Rae Hannay on the tympani, Clifford Swartz, cymbals, and Alice Hudleston, snare drum.

Pianist Dorothy Pozniko will be heard in Lecuona's "Malaguena," and vocal solos will be offered by Dolores Buta, "Ride the Chariot," and Bob Tarzan, "Cool Water."

The Girls Chorus will sing O. R. Gould's "Spring Rain" to open the concert, followed by Nobel Cain's "The Night Has a Thousand Eyes," John Stainer's "God So Loved the World" from "The Crucifixion" and Cyril Scott's "Lullaby."

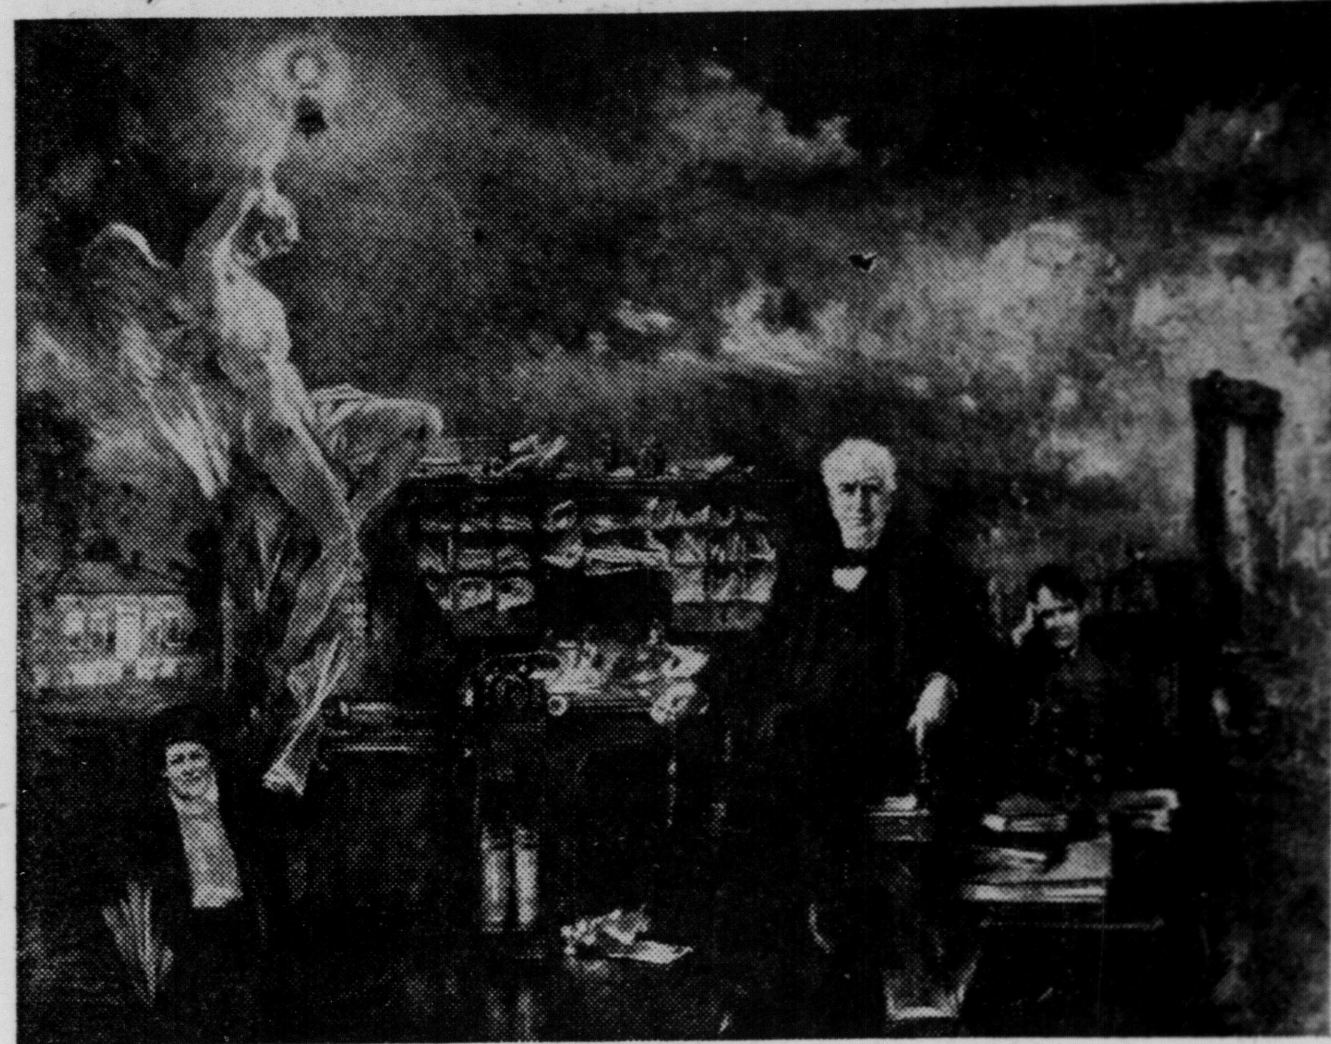

Selections by the Robed Choir include: "Salutation" by S. R. Gaines; "Lift Up Your Hearts, Sing Ye," by Gretchenhoff; "Master of Human Destiny" by C. J. Hillman; "My Love Dwelt in a Northern Land" by Edward Elgar, and "Every Time I Feel De Spirit," arranged by Lyn Murray.

The combined voices of the Beginners Chorus and the Robed Choir will be heard in: "Now Let Every Tongue Adore Thee" from "Sleepers Walk" by Johann S. Bach; "Deep River," arranged by Roy Ringwald; "Stodola Pumpa," a Czech folk song, arranged by G. F. Strickling; "Song of the Volga Boatman," arranged by Harry Simeone, and "The Surrey With the Fringe on Top," from "Oklahoma" by Richard Rodgers.

Accompanists are Lois Getz, Ben Bailey and Dorothy Pozniko.

## Mural Honors Memory Of Thomas A. Edison

A magnificent mural of the life of Thomas Alva Edison (above), a gift to the people of Ohio by the state's electric power companies, was recently unveiled at the State Capitol in Columbus.

Howard Chandler Christy, famous Ohio-born portrait painter, executed the mural of the late

Mr. Edison, who was his friend.

The unveiling ceremony was attended by Charles Edison and Mrs. Madeleine Edison Sloan, son and daughter of the great inventor; Governor Lausche, Mr. Christy, executives of the power companies and other notables.

The mural, which was de-

signed as an artistic memorial to Mr. Edison will be a public remembrance for Ohioans. Mr. Edison, whose genius "gave the world light," was born in Milan, Ohio.

Privately-owned electric utility companies, including the Ohio Edison Co., gave wholehearted support to the memorial idea.

## China Ware In New Colors And Shapes

China ware this year shows more imagination and represents a definite move toward the fashion angle that has never before been achieved.

In covering recent offerings by manufacturers, the fashion editors of Retailing Daily note that although the traditional feeling is still in evidence, the gradual swing to casual less rigidly designed services, represents a change of living habits.

In all categories, these informal wares are characterized by new colors and shapes, or by combinations of colors which typify what is called informal modern.

## Place Deep Freezer In Handy Location

Some architects contend that food freezers, unlike refrigerators, are open so seldom that they might as well be located in the cellar, thereby saving that space in a kitchen.

One advantage of having the food freezer in the kitchen, however, is the proximity of the sink and range, both of which are needed in the freezing process.

By planning work surfaces next to the freezer you can prepare foods and store them in the unit with a minimum of steps.

## Miniature Kitchens Help Women Plan

The kitchen and its arrangement is more important to a woman than a man's office is to him.

Sometimes a man can carry his office in his hat, so they say, but no woman can carry her kitchen in her purse, no matter what they say about women's purses.

However, the General Electric Co. home bureau is getting the kitchen down pretty close to a woman's purse by reproducing every detail of a kitchen in miniature scale. This is done to help women arrange their kitchens according to their preference exactly in accordance with the blueprints for the kitchen in their new homes.

It enables local dealers to show a woman color photographs of what her new kitchen will look like from every direction. It makes it easier for her to change her mind about the location of the refrigerator than it is for her to persuade her husband to move the grand piano.

Every item is reproduced in miniature to exact scale—the sink, the range, the cupboards in sections, the electric dishwasher, the windows and curtains—even little things like coffee makers and toasters. Chairs, tables, venetian blinds are included.

Decorators help in the selection of colors, floor covering and other details.

In the case of a new house, planning the kitchen in miniature

## Homes Should Have Safe Stairways

So many of the falls which cause serious injuries in homes each year occur on steps or stairs that families may well give more attention to safe building and upkeep of stairways, housing specialists of the United States department of agriculture suggest.

Stairs often are built steep to save space. This is dangerous economy, especially for a much used stairway. The treads of steps should be deep enough to hold the weight of the foot securely, and the risers just high enough for comfortable stepping.

Treads 10 inches deep, having a one-inch overhang, with risers seven and one-half inches high are recommended—or, at most, treads eight and one-half inches deep with risers nine inches high. Then the angle of the stairs will be no steeper than 30 to 35 degrees.

## AVERAGE IRONING WEIGHT

Recent tests show that to do the average family ironing, a woman lifts a hand iron 1,000 to 2,000 times. This is a total of a ton and one-half to five tons of dead weight. Her ironing arm travels a mile to six miles every ironing day.

## Kelvinator Offers 'Super-Crisper'

By completely redesigning the cabinet interior, Kelvinator engineers have increased the size of the 1950 Kelvinator "Masterpiece" refrigerator series by approximately one cubic foot over comparable 1949 models.

The extra space provided now accommodates this new 40-quart sliding super-crisper—an ideal moist-storage compartment for fruits, vegetables and other appropriate items.

The super-crisper is common to all four models in the "Masterpiece" series, which range in capacity from 10.9 to 11.9 cubic feet.

## Maytag Company Reduces Washer Prices

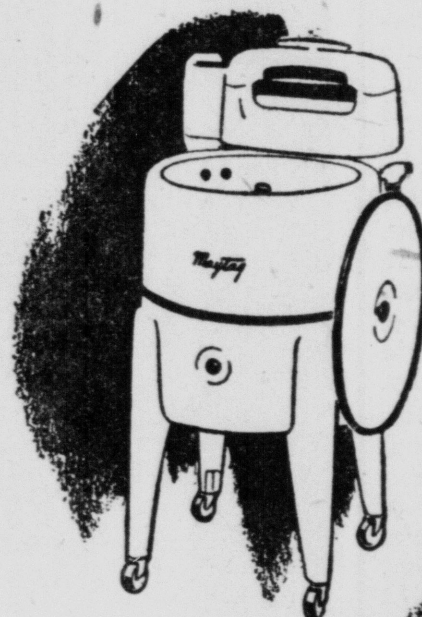

The Maytag Company of Newton, Iowa, has notified Maytag Morrow-Salem Kitchens, Maytag dealer in Salem, of a price reduction on all washing machine models.

Attributing the action to "large scale production and manufacturing economies," Maytag officials today announced a reduction of \$10 on automatics and \$5 on conventional washers.

"In the past 18 to 24 months, the Maytag company has spent many millions of dollars for new and modern equipment and facilities to achieve cost reductions," Roy A. Bradt, Maytag vice president in charge of sales and advertising said in a letter to dealers, announcing the price cut. "Materials, both raw and manufactured, have shown definite trends upward in costs and more increases appear to be in the offing. Our manufacturing division, however, has done a superb job in absorbing the increased costs and in using our large volume of sales to the best advantage.

These reductions have been made at the earliest possible moment and in spite of the fact that our factories are working at capacity and with a sizeable backlog of unfilled orders."

The company also distributes ironers, gas ranges and home freezers.

### On Buying Television Set

How to buy a television set depends largely on the particular family's need. The family as a whole, therefore, will want to decide on the particular set for their home.

Before setting out for the local dealer, it is wise to be armed with statistics about the "television room." The prospective owners should consider the size of the room in proportion to the screen size. And most experts agree that for maximum see-ability, television viewers should sit a distance of about six times the height of the screen.

The television set is a piece of furniture as well as an instrument of entertainment and should be purchased to fit in with the decor of the home. Some families will prefer modern models in blond wood, others will like more traditional cabinets in mahogany or other dark woods.

Installation and servicing are important considerations when buying a television set. Most manufacturers of television sets have service insurance available for at least one year for an additional fee which includes the cost of installation.

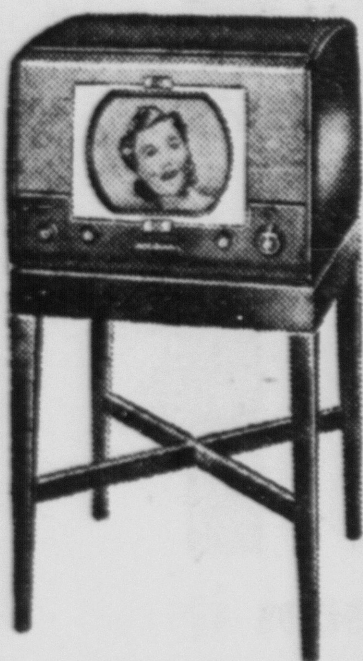

To be sure that the set they have chosen is the one they want, buyers will want to watch a television program on its screen. While checking performance of the set, some of the things to look for, according to engineers, are good synchronization; immunity of normal electrical interference such as passing automobiles, electric shavers and vacuum cleaners; clear audio reception and controls simple enough for the children to operate.

#### FOR KITCHEN WINDOWS

Using double paned glass in kitchen windows—especially over the sink—will help to prevent objectionable condensation on them.

## Westinghouse Sees Good Year Ahead

"The consensus of leaders in the industry is that 1950 will mark another year of high dollar volume sales in major appliances and electric housewares, so that the new year may well exceed the record high volume of electric appliance sales of three and one half billion dollars set in 1948."

Local Westinghouse dealers give the following summary of the two new appliances:

Called the Rancho, the new electric range is the lowest priced standard range produced by Westinghouse since the war. It has four surface cooking units, work surface and full-size oven. It is designed for small kitchens where storage space is at a premium as well as for more spacious kitchens where the styling of the new range matches modern interiors.

Resembling a knee-hole desk, it has a U-shaped chrome tube leg on the right side with the oven and storage drawer on the left. The "knee-hole" space provides a place for a stool or other equipment that clutters the small kitchen.

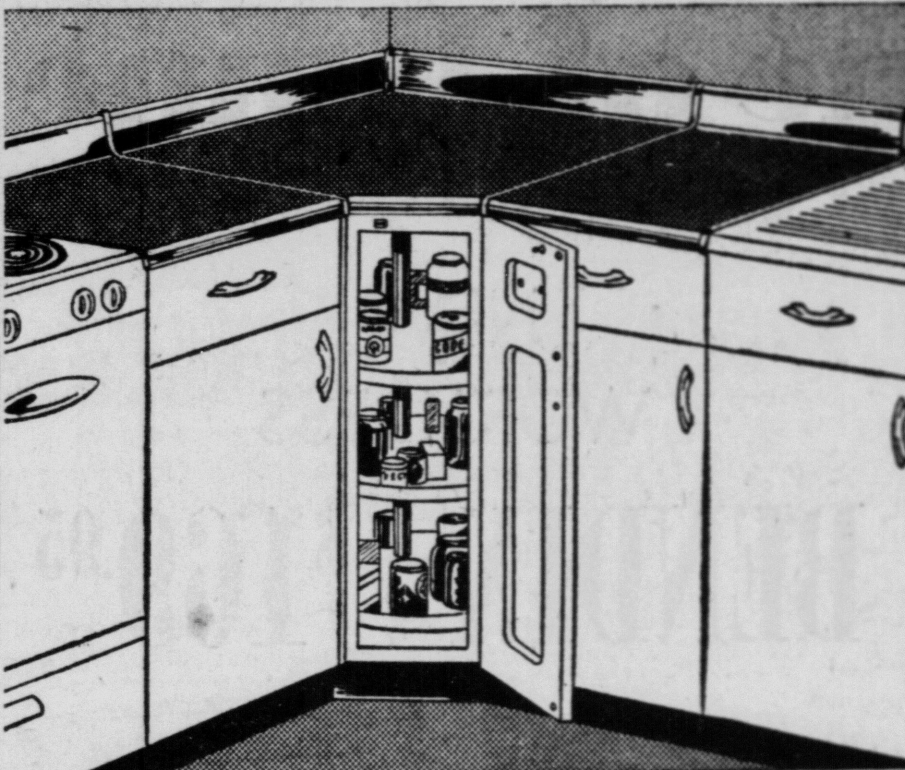

The first fully automatic defroster for household electric refrigerators is called Frost-Free because it automatically prevents accumulation of frost on the freezer and eliminates the defrosting chore for the housewife. The action is so fast that ice cream and ice cubes do not soften and safe temperatures are always maintained in the freezer and main food compartments.

Defrost water, too, is disposed of automatically so that the housewife usually is not even aware that the refrigerator is defrosting. Key to the Frost-Free system, which was 10 years in the laboratory and for which patents now have been issued, is the fact that in the average household the refrigerator door is opened 60 times daily. A mechanical counter keeps tab and, on the 60th door opening, sets the defrosting mechanism to work.

### CLEANING THE OVEN

Ever look for a quick, easy way to clean the oven? A California home economist recommends placing a saucer of soapy water and ammonia in a closed oven overnight. Use one tablespoon of household ammonia to a cup of soapy water. Next morning, the grease can be sudsed off with a minimum of effort.

## Handy Rotary Corner Cabinet

The new Youngstown Kitchen Rotary Corner Cabinet makes full use of the usually lost corner space. Its unique revolving shelves provides an abundance of storage space for canned goods and other often used items. Just a feather touch and shelves bring everything within easy reach.

## U. S. A.-Canada Merger Proposed By Writer

NEW YORK, May 23—(UP)—The merger of the United States and Canada into one nation was proposed today in an article in Look magazine.

Written by George E. Shea, Jr., financial editor of the Wall Street Journal, the article said a union was necessary for economic and military reasons.

"The U. S. A.-Canadian border is a serious menace, endangering the prosperity and security of both countries," he said. "The removal of this barrier could bring about the greatest prosperity the two countries have ever known and would insure a surge of industrial power capable of offsetting the rising strength of Soviet Russia."

Canada is rich in the natural resources the United States now lacks and must import, he pointed out. On the other hand, present tariffs by the United States hold back development of mass production facilities, he wrote.

Military reasons for the union are urgent, Shea said. So long as we remain separate countries, there will never be absolute unity among the military forces and our full effectiveness in a common war will suffer.

## Something Old Lends Charm to Modern Room

To achieve an interesting melo-look in a modern room, try using a few old accessories.

These might be lovely old China plates arranged in a grouping on the wall, old sugar bowls or tureens as plant and flower containers, and antique saucers as ash-trays. If you have an old wall clock, hang it above the fireplace and complete the grouping with fine old prints.

The important point to remember is that if both the old and new pieces are of fundamentally good design, they'll blend happily together, and the old pieces will lend a lived-in air and much decorative interest to your room.

### QUICKEN HOUSECLEANING

When washing floors or woodwork, try using two galvanized soapy water and the other with rinse water. Then there won't be any need to run back to the pump for additional water before cleaning is finished.

Want Ads Are "Must" Reading

## Gay, Colorful Kitchen Goal Of Women Now

Gay, colorful decorating schemes for kitchen are being widely accepted in place of the cheerless hospital whiteness common during the last few decades.

The trend in kitchen decoration is toward colors which reflect the personality of the housewife the magazine explains. Selection of a color scheme thus becomes a matter of individual taste.

Types of modern floor coverings range from inlaid linoleum to asphalt and rubber tile and laminated-vinyl flooring. All these materials, the magazine says, are available in both solid colors and variegated patterns.

The colors are permanent. Kitchen floor materials also are resistant to chemicals and strong cleaning solutions.

Approved kitchen wall materials vary from paint or wallpaper on plaster walls to ceramic tile. Others are panels and tiles with metal mouldings at the joints, interlocking tiles, chrome zinc panels, wall-flex, muratex and asbestos-cement boards with metal mouldings.

Tiles and panels are adaptable to modernization as well as new construction. These materials simplify the job of making a kitchen a more pleasant room in which to work.

## Columbia Pupils "SPIC" Up School Grounds

Operation SPIC came to Columbia school Monday when more than 100 children eagerly attacked the task of "SPICing" up the grounds around the school.

The lawn was raked, paper scraps picked up, leaves removed from under bushes and sidewalks were swept. A dozen cardboard boxes were filled, emptied and filled again with the winter's collection of rubbish.

Special Operation SPIC hats were made by the 19 pupils in Mrs. Gladen Watson's class. Also participating in the clean-up were classes taught by Mrs. Mary Doyle, Miss Edith Forbes, Miss Winifred Shelles and Miss Lena Beardmore.

## Doctor Drowned, Two Others On Boat Lost

KINGSTON, Ont., May 23—(INS)—Searchers dragged Rideau Lake, 30 miles north of Kingston today for the bodies of two men feared drowned on a fishing trip when their boat exploded.

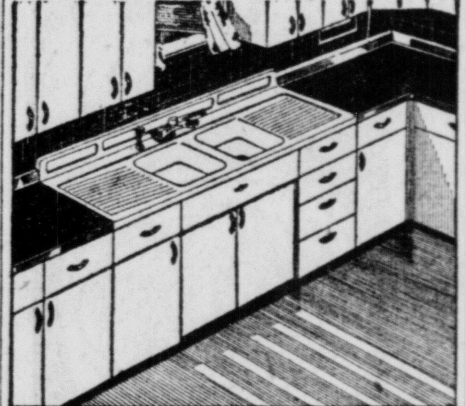

The body of a third man, Dr. John Lewis, of Youngstown, O., has been recovered.

Search is under way for the bodies of William Lake, Portland, Ore., and John R. Drew, of Smith's Falls, Ont., who are missing.

### TV KEEPS FAMILY HOME

Increasing use of television sets in American homes may open up a new era to the furniture industry, the department of commerce pointed out recently in a survey of the household furniture industry. The reason for this, according to the department, is that family life, as a result of television, tends more and more to center around the home.

The technically-minded engineer calls black and white television "monochrome" and color TV "polychrome."

## Ador Recognized Fashion Academy

Shivador has been chosen by Fashion Academy to receive 1950 gold medal award on a

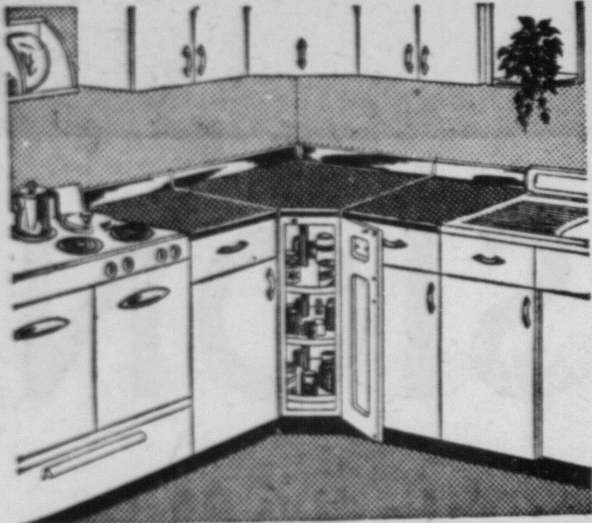

basis of outstanding design, ingenuity, and superior style achievement.

The Fashion Academy is familiar to the public chiefly because of its annual awards for automobile styling, which are

widely publicized by the car manufacturers who receive them. The Academy makes awards in other lines of manufactured products too, and Sheldor is its selection as the best designed and styled refrigerator for 1950.

## PRODUCTION OF TELEVISION SETS

There will be one television set for every four families in the United States by the end of this year, according to estimates of the National Industrial Conference Board. The Newschart above shows how television set production has boomed from a total of 6500 in 1946 to an estimated 4,500,000 this year.

## Rotary Barbecue For Home Stove

Crosley is introducing the newest idea in home cookery—a revolving barbecue which automatically turns meat or fowl in the oven, accomplishing automatic basting and preserving natural juices and flavor.

The Crosley Rotary Home Barbecue literally makes it possible to prepare an "indoor meal with outdoor appeal." It gives every housewife a whole new home cooking technique which will delight her family and make entertaining at pleasure. Now she can serve in her home foods prepared in a way usually associated with festive outdoor barbecues or very select restaurants.

Operation of the Crosley Barbecue is extremely simple. As shown in the photograph, brackets are fastened on the front and back of an oven shelf and the small electric motor is slipped onto the side of the oven.

The food to be roasted is skewered on the steel spit and held in place by adjustable prongs. The spit is then simply laid in the grooves of the two brackets, with the gear on the front end engaging the worm which is turned by the flexible shaft to the motor. The spit handle is removable and is taken off during the barbecuing. When cooking is completed, the handle is screwed back onto the spit, giving a cool grip for removing and handling the hot spit and the food on it.

Meat, fowl, game, and seafood roasted on the Crosley Rotary Home Barbecue have an entirely different and more delicious flavor than food cooked conventionally. The continuous rotation insures uniform and thorough cooking of all sides of the food, and most important, browns the outside quickly so that all of the natural juices are kept inside instead of seeping out.

The Crosley Rotary Home Barbecue is designed to fit any standard size Crosley electric range now being made.

## Damascus

The program for the rest of the week at Goshen Union High School is as follows:

Tuesday and Wednesday, examinations for all other classes; Thursday, no school; Friday, Senior chapel at 10 a. m. and distribution of report cards afterwards and commencement at 8:15 p. m.

Teachers and helpers of the Union Daily Vacation Bible School held an organization meeting Tuesday evening. Mrs. Lea Hoopes was chosen leader. Those aiding in the work are:

Mrs. Phillip Bush, Peggy and Gay Moore, Lucille Mosher, Beverly Bayless, Mrs. Donald Phillips, Mrs. Kenneth Phillips, Mrs. Clyde Hudson, Carol Phillips, Phyllis Maurer.

Mrs. Frank Wuthrick, Mrs. Herbert Whitcher, Mrs. Lea Bennett, Annette Bush, Mrs. Glenn Maurer, Mrs. Robert Maurer, Norma Ryser, Miss Gladys Halderman, Mrs. Donald Oswald and Carolyn McPherson.

Rev. E. K. Barss and Rev. Robert Mosher are registrars. Misses Phoebe Borton and Beverly Bayless are recreation leaders.

The school will be held from May 31 to June 9 from 9 to 11:45 a. m. each week day except Saturday.

Twenty members of the Friendship Circle Sunday School Class of the Methodist Church were entertained Wednesday evening by Mrs. Carol Pittman. Mrs. J. B. Amstutz and Mrs. Wilbur Knight were associate hostesses. Mrs. T. R. Sommerville conducted the devotions.

The door prize was won by Mrs. Alice Bye and prizes in the games were awarded to Mrs. Samuel Faloon and Mrs. G. K. Weaver.

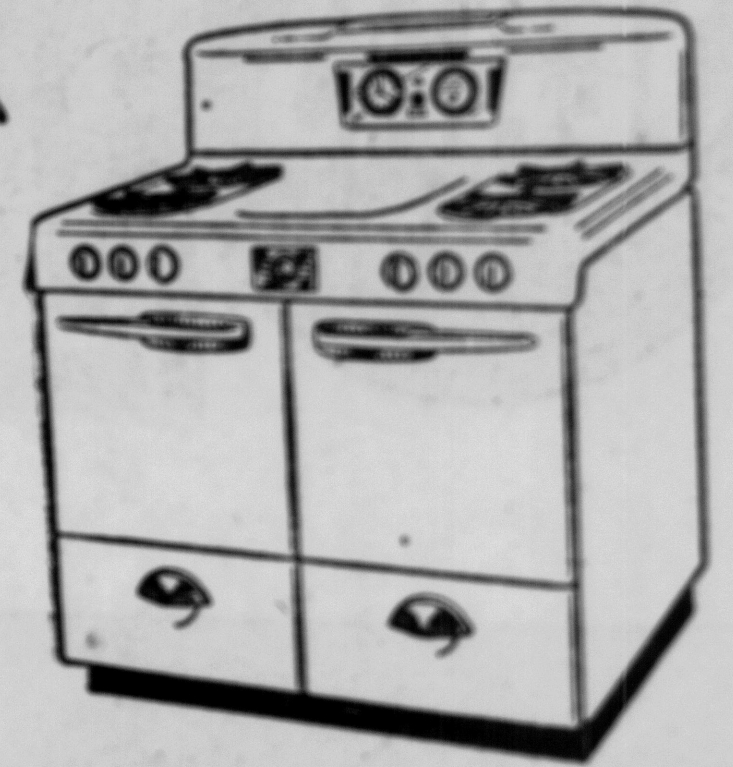

Hostesses for the next meeting, June 21, will be Mrs. T. R. Sommerville, Mrs. B. D. Brunner and Mrs. Wilbur Knight.

Members of the Fidelis Sunday School class of the Friends Church were entertained by Mr. and Mrs. Clarence Ellyson at a kid party Wednesday. Costumes were judged, with Mrs. Elizabeth Stacy and Donald Oswald being awarded prizes.
